# Alabama

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Alaska

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
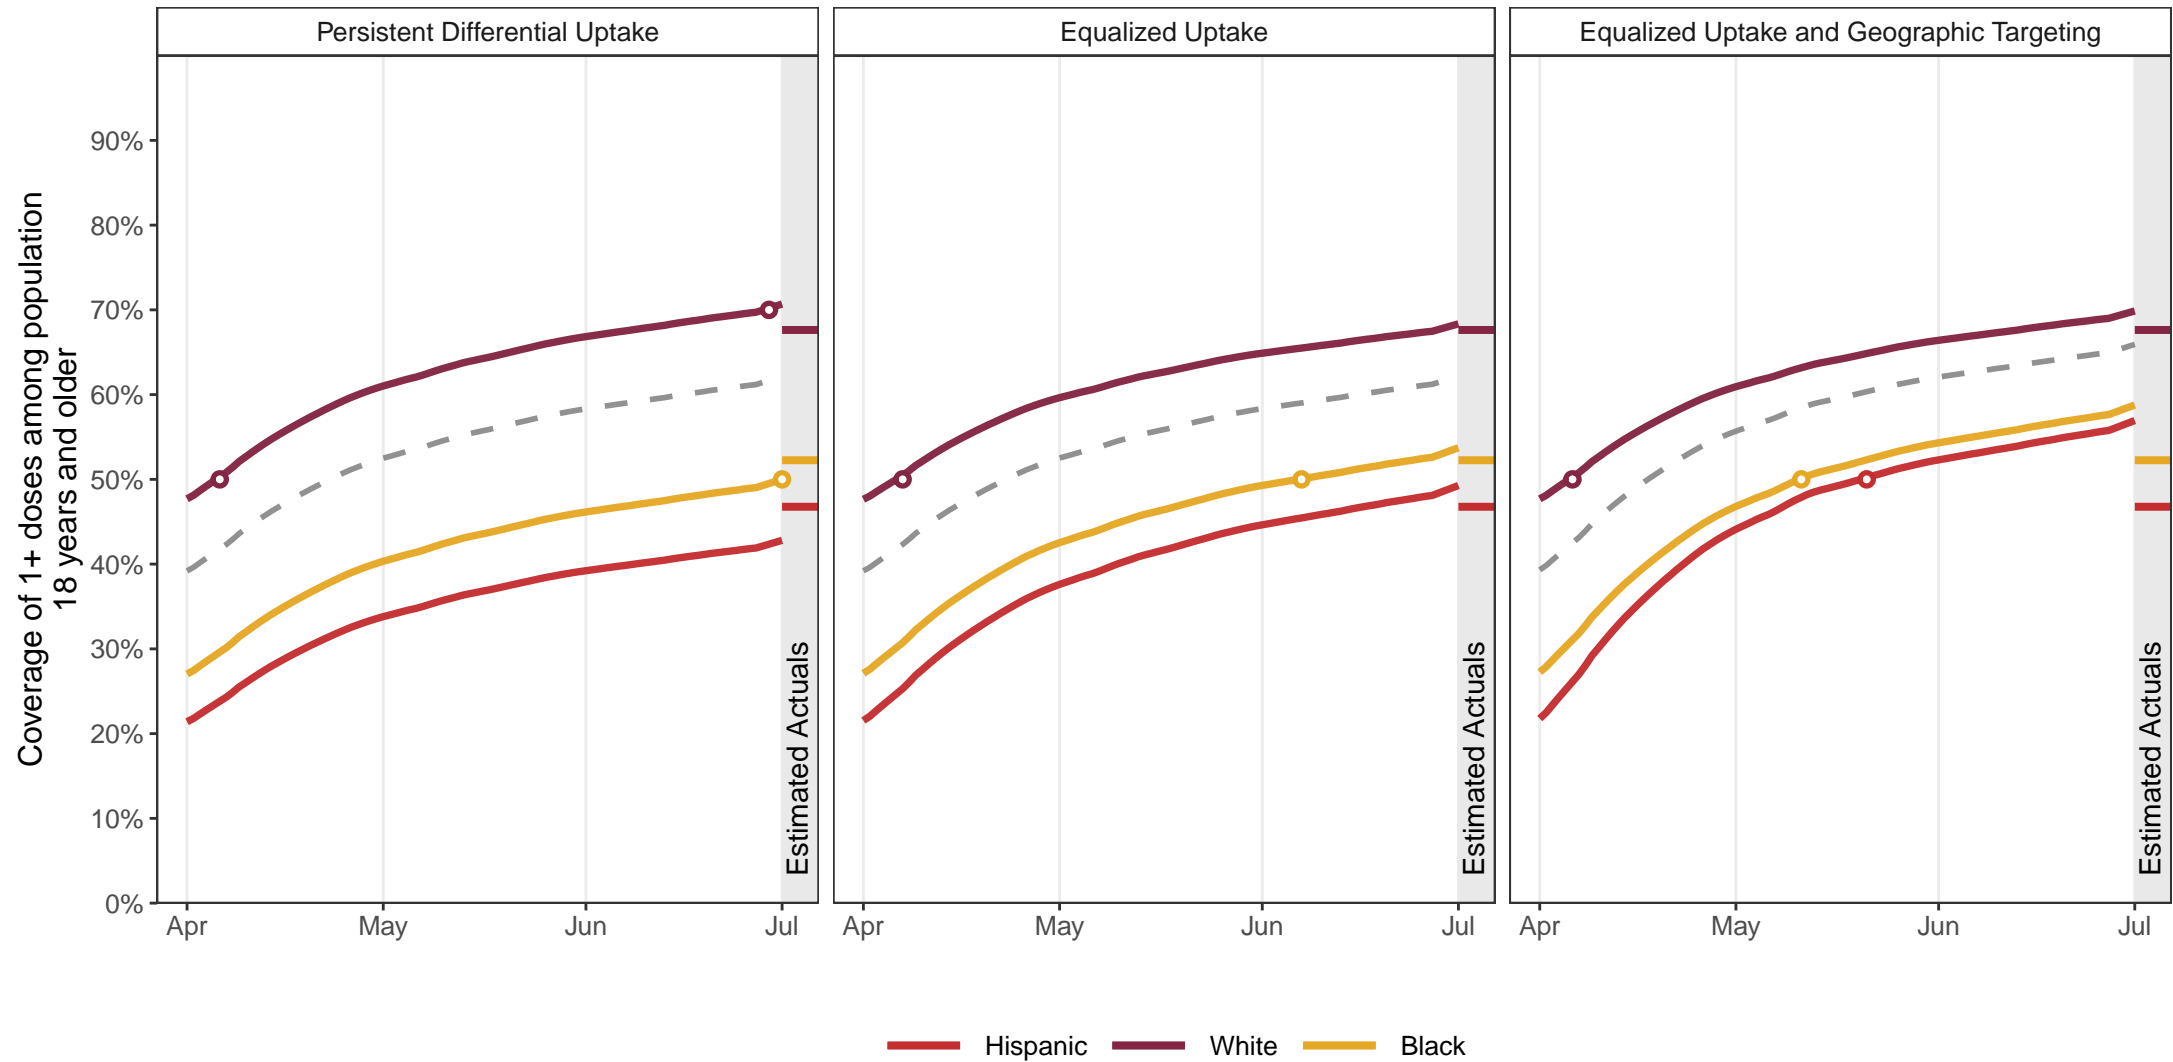

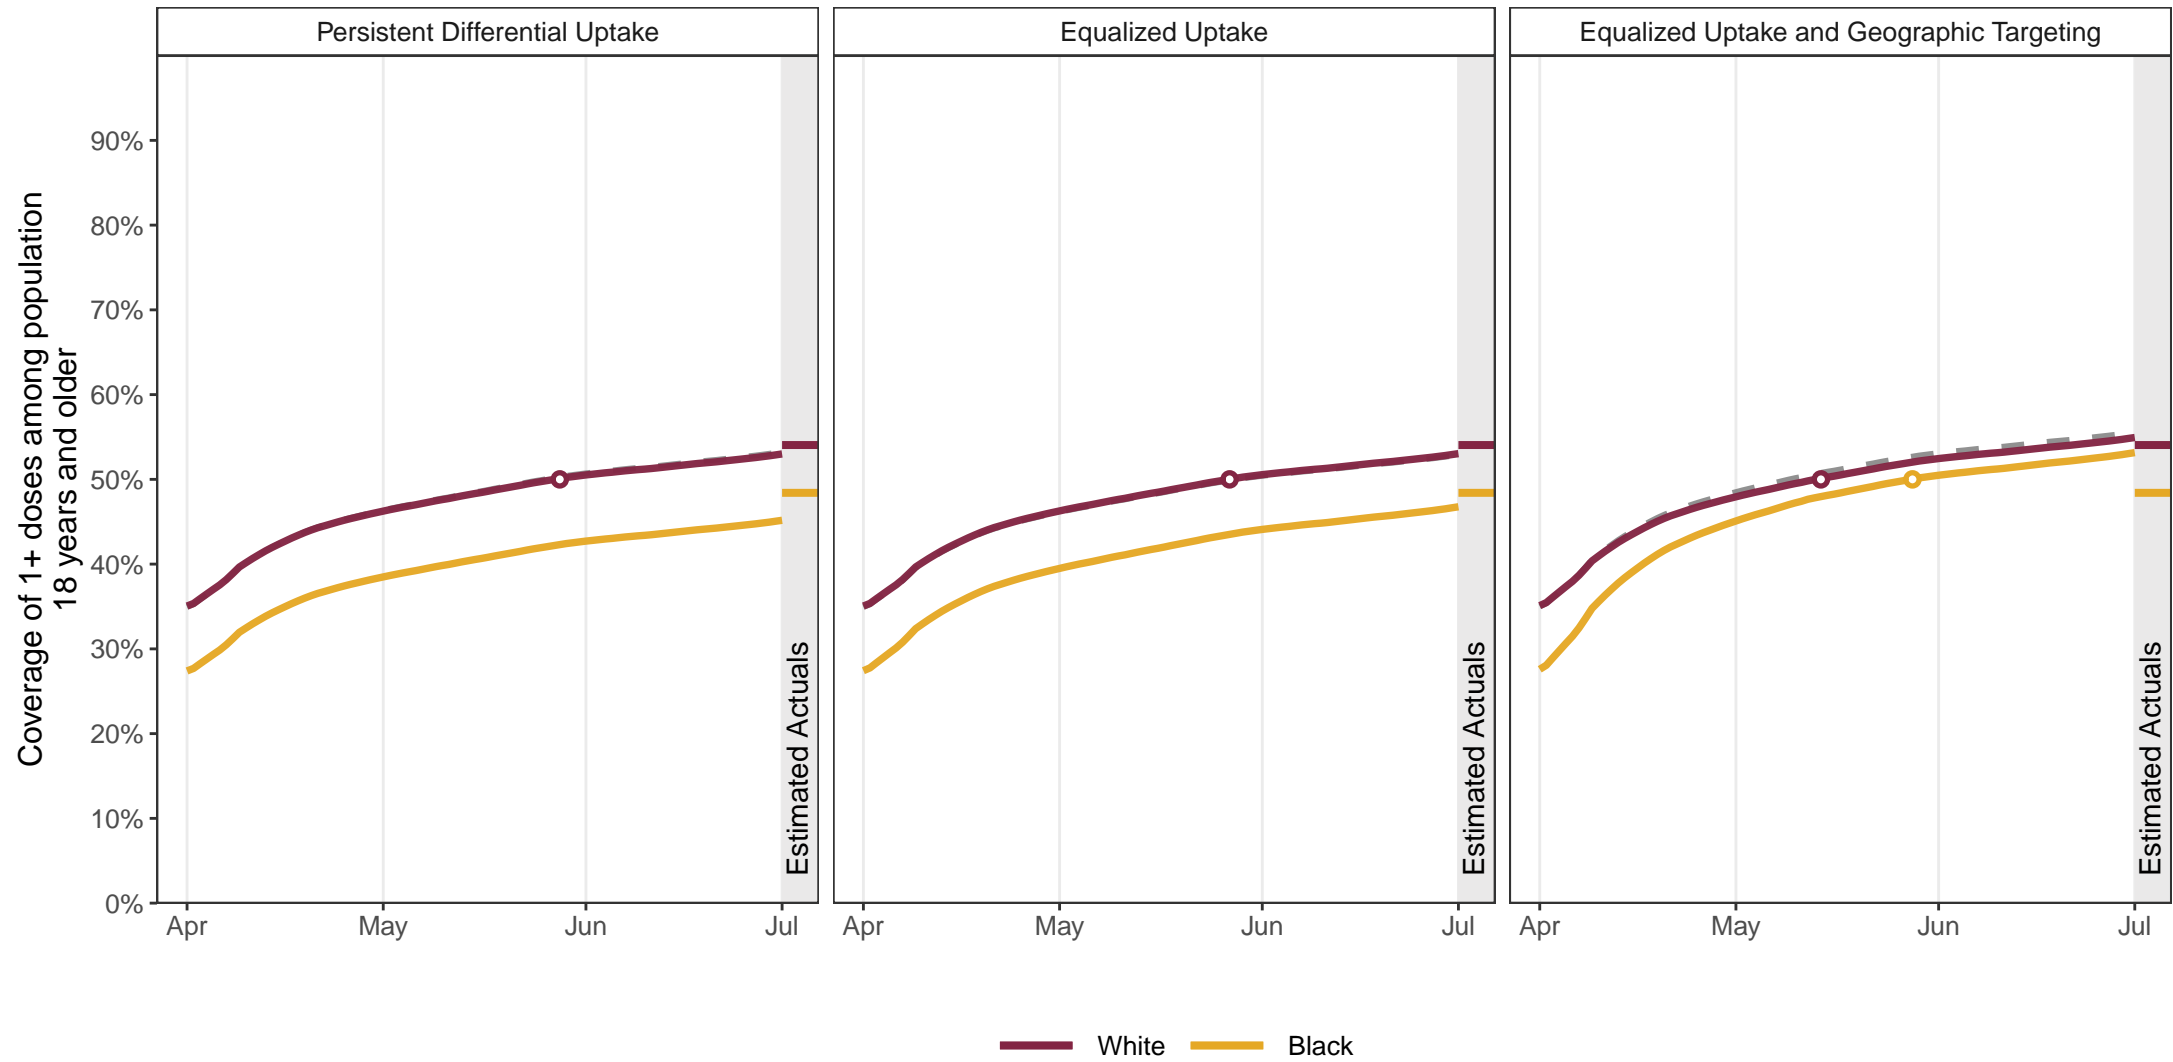

Arizona

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Arkansas

Persistent Differential Uptake

Equalized Uptake

Equalized Uptake and Geographic Targeting

Coverage of 1+ doses among population 18 years and older
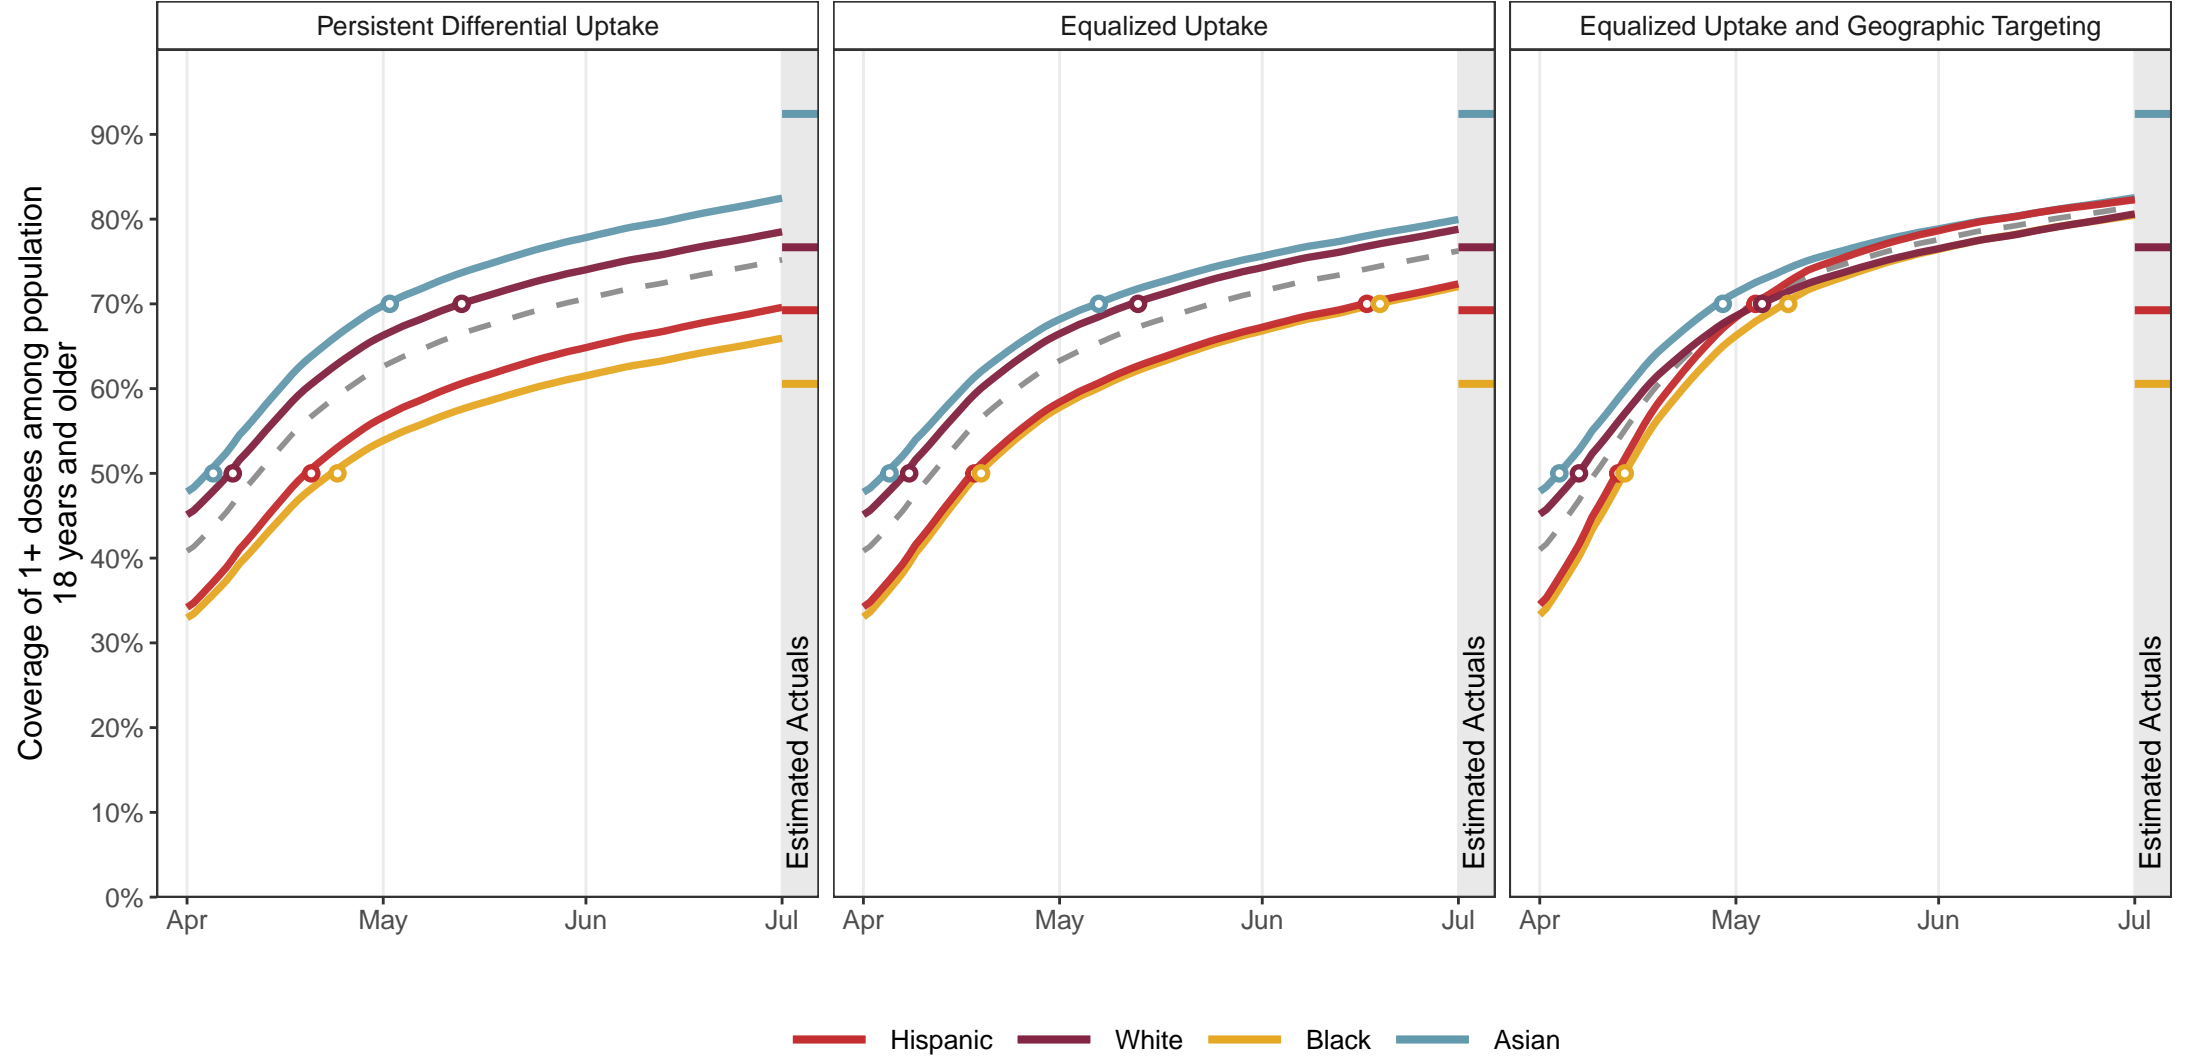

Estimated Actuals

White   Black

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

California

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
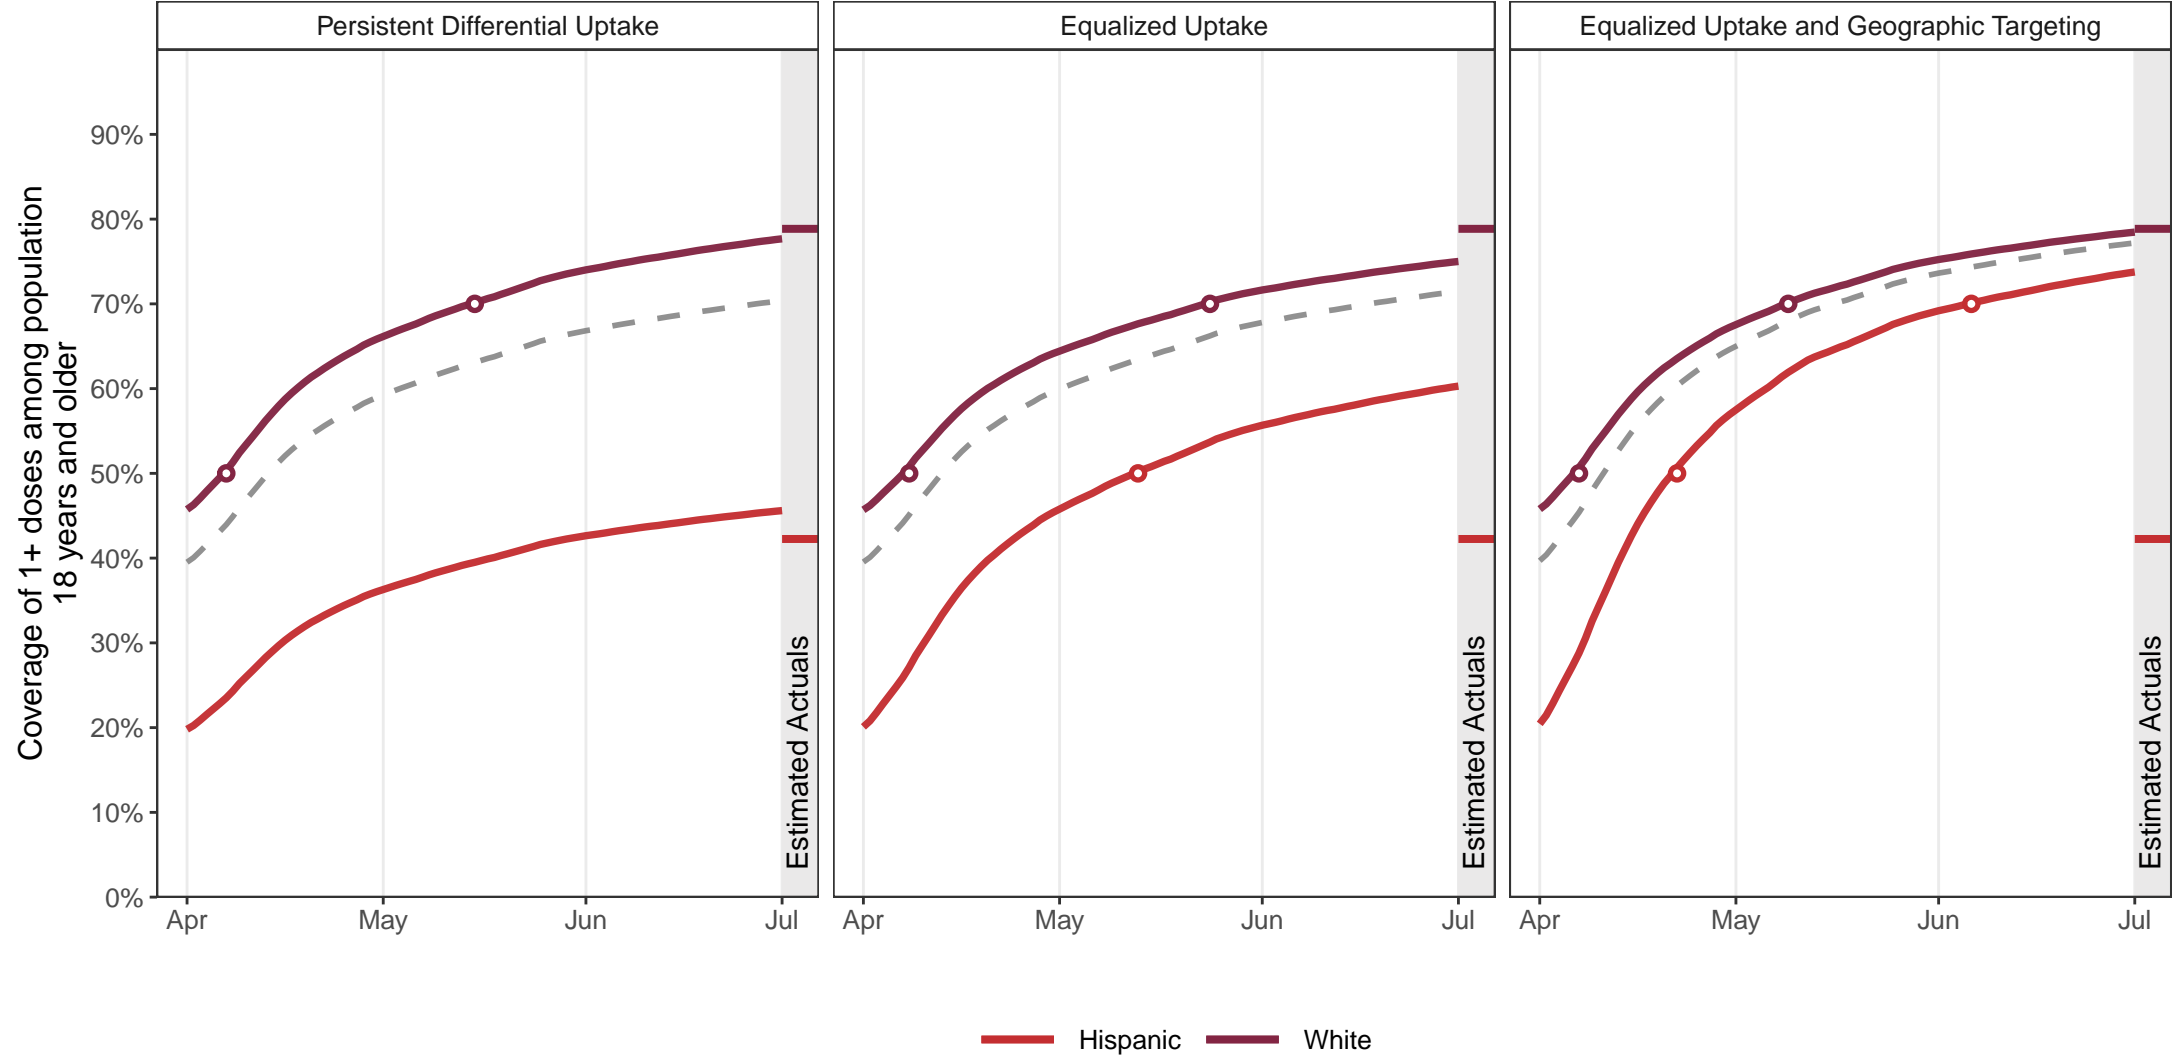

Colorado

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
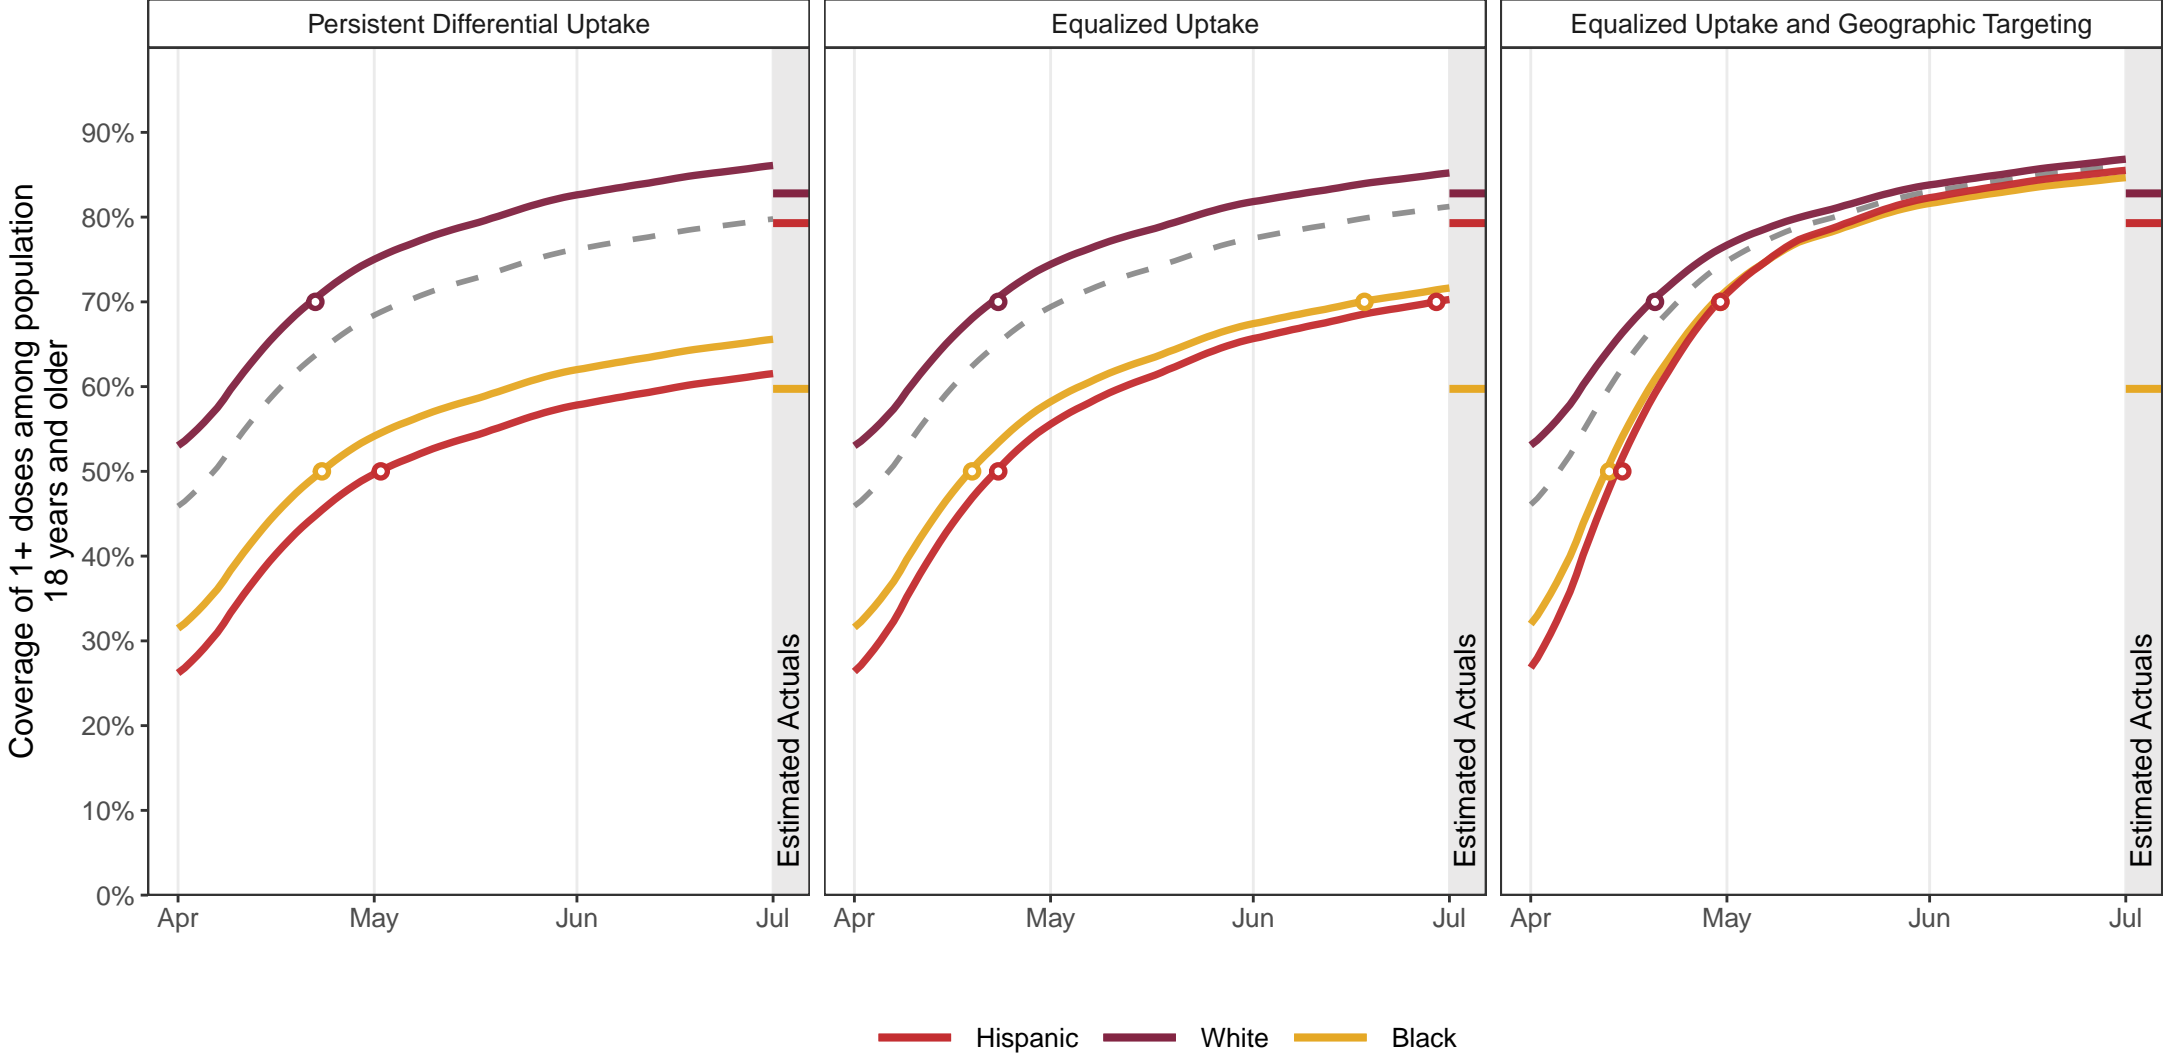

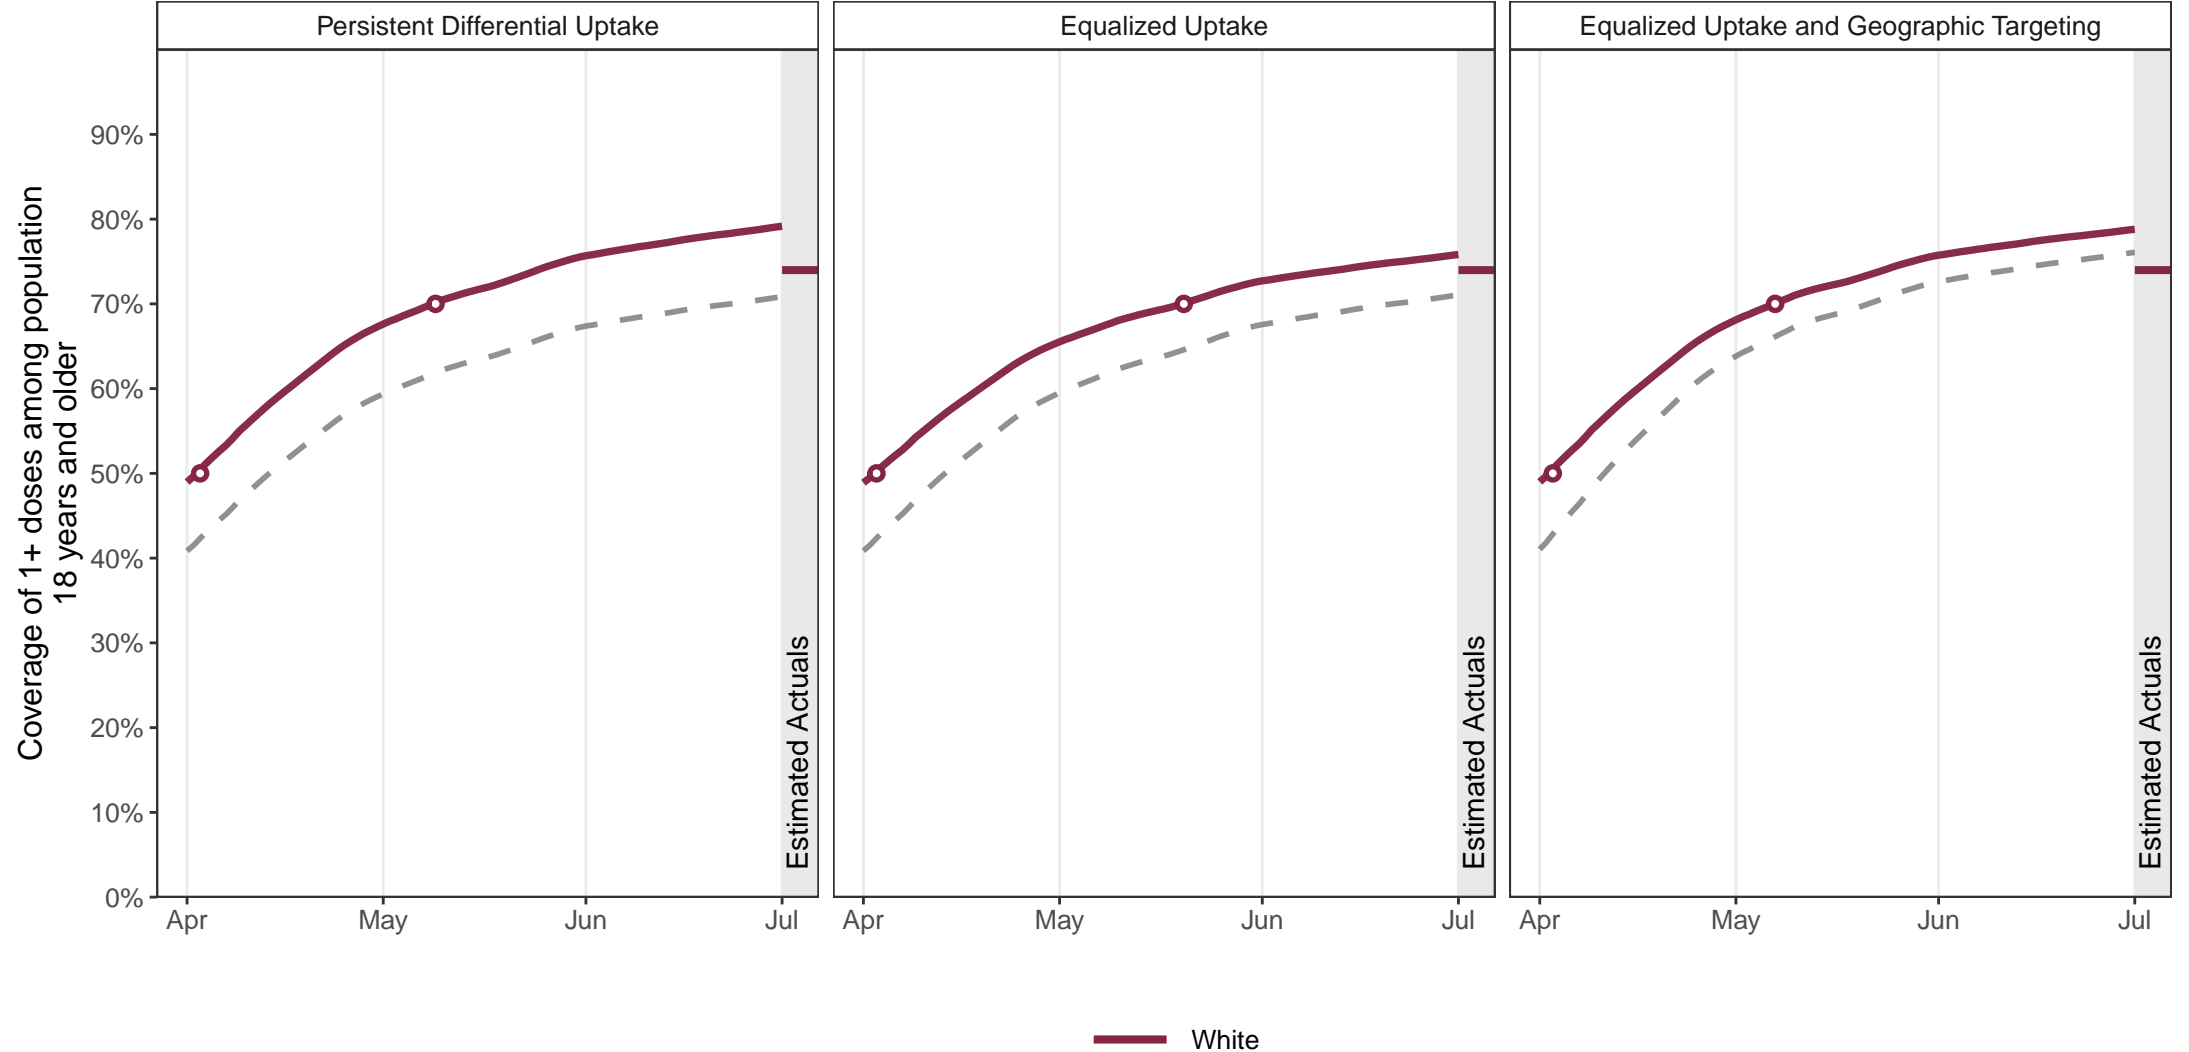

Connecticut

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Delaware

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

District of Columbia

Persistent Differential Uptake | **Equalized Uptake** | **Equalized Uptake and Geographic Targeting**

Coverage of 1+ doses among population 18 years and older

Estimated Actuals

White ——— Black ———

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
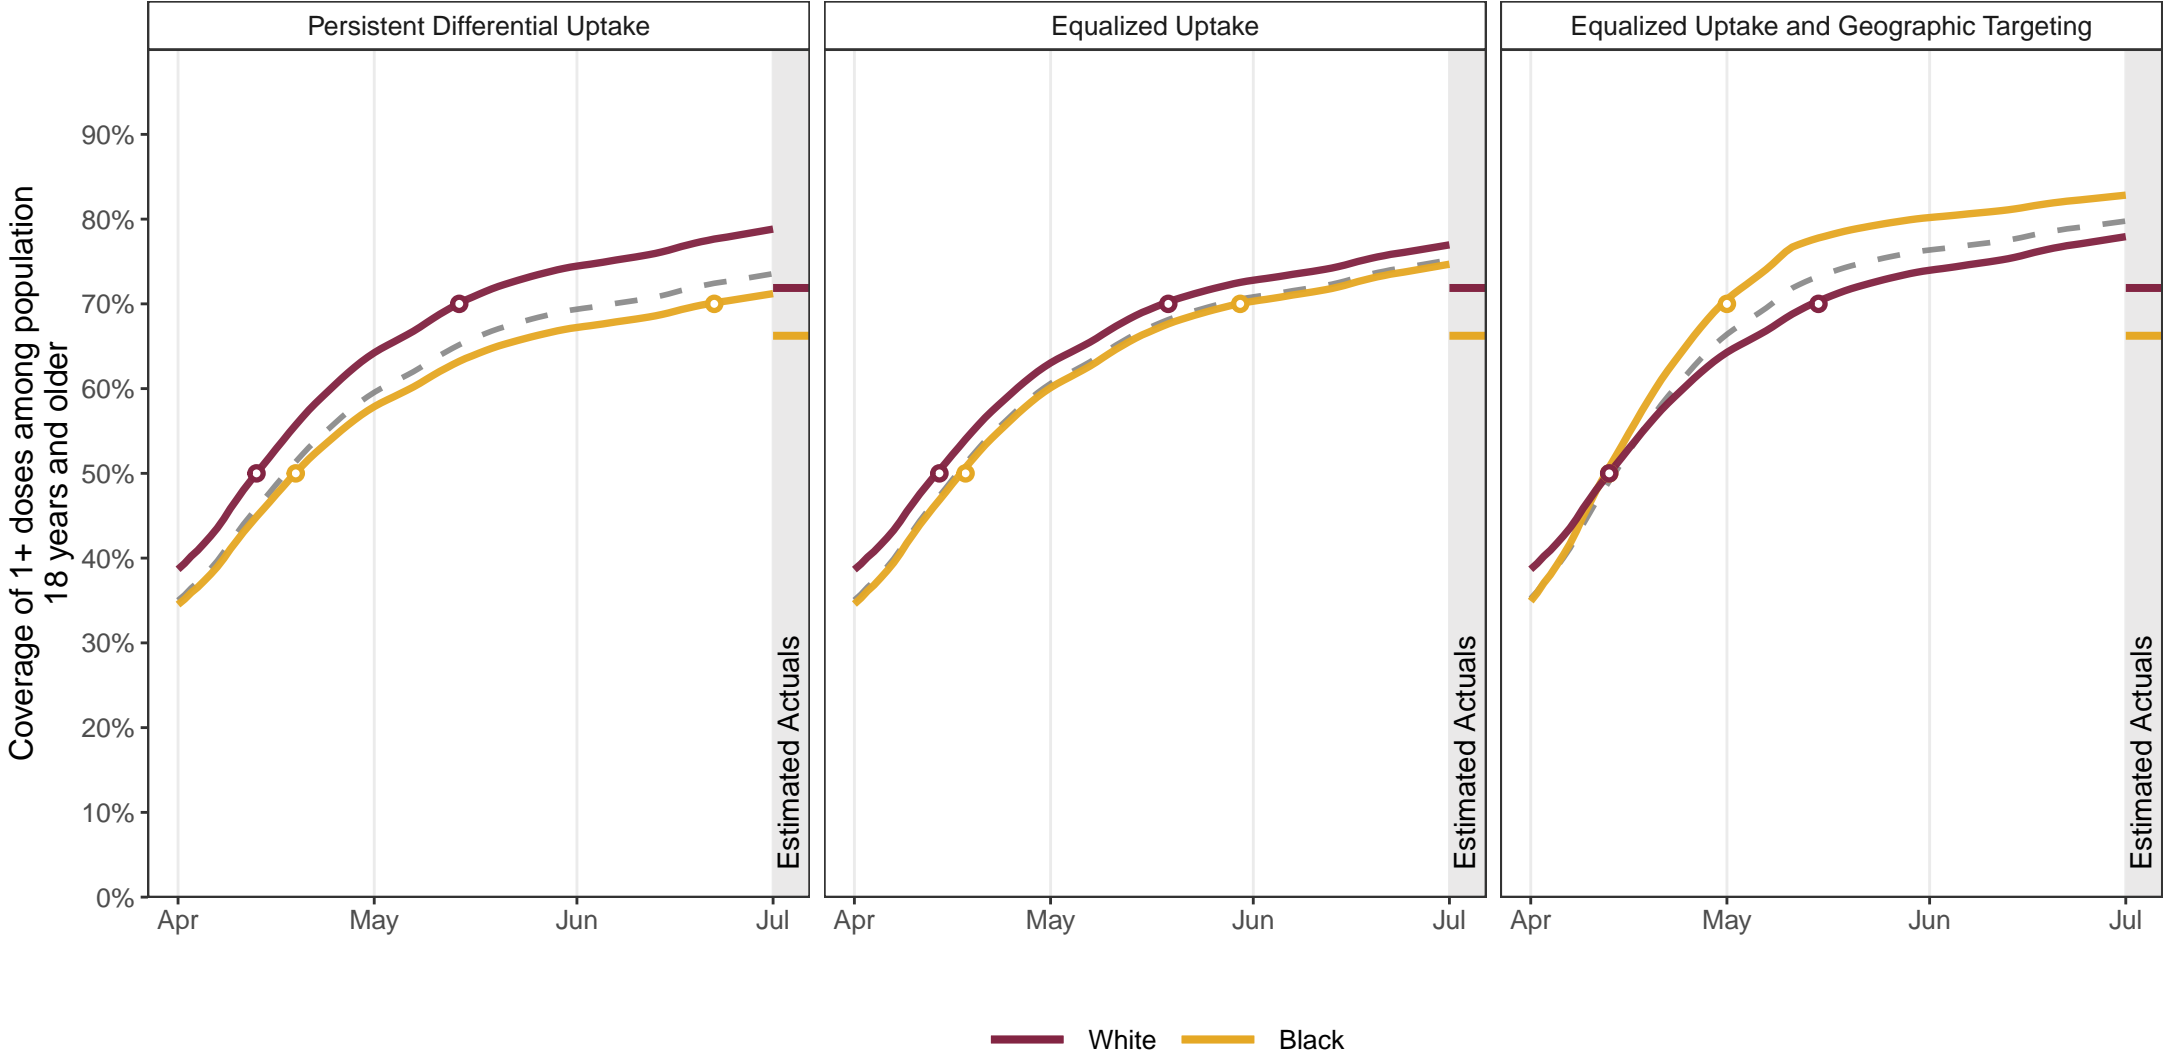

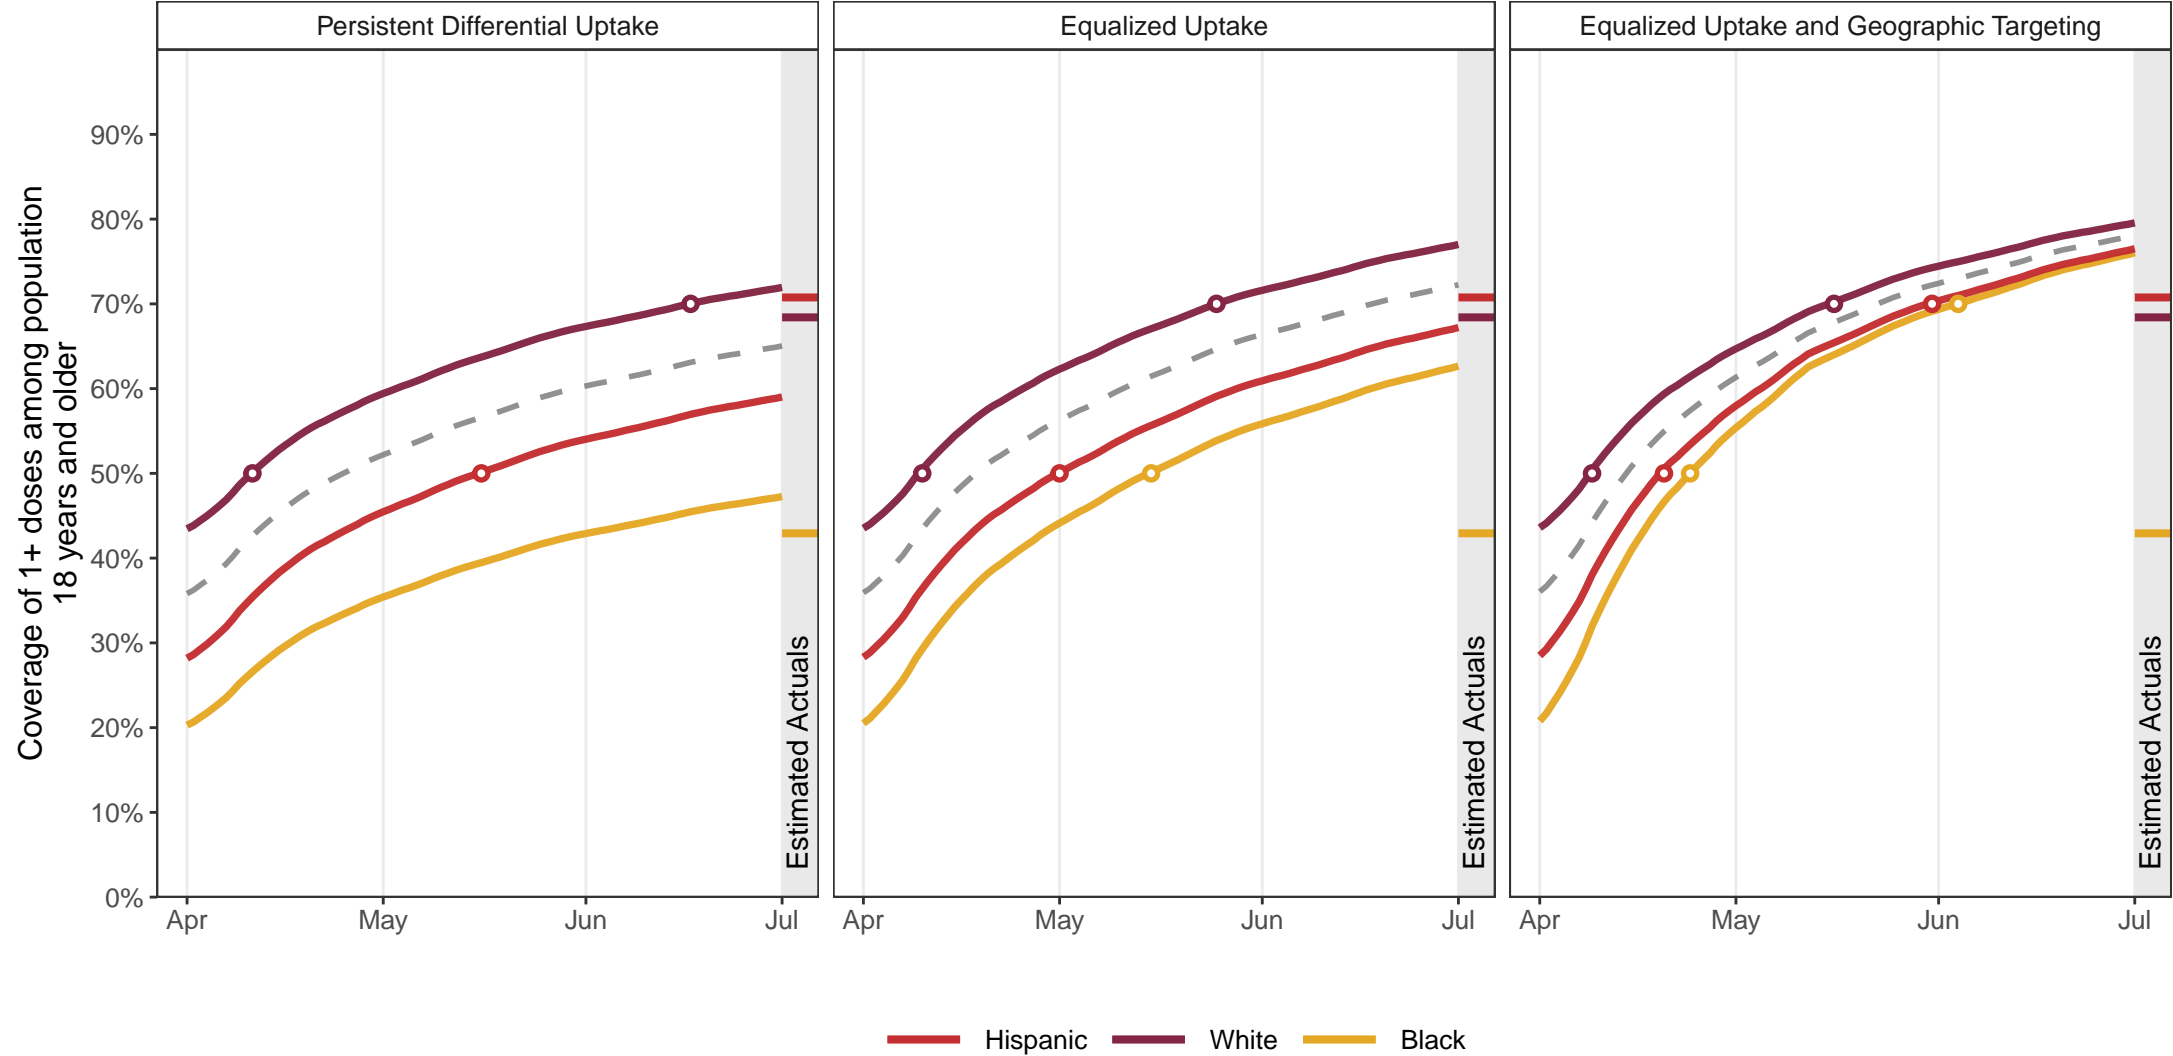

Florida

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
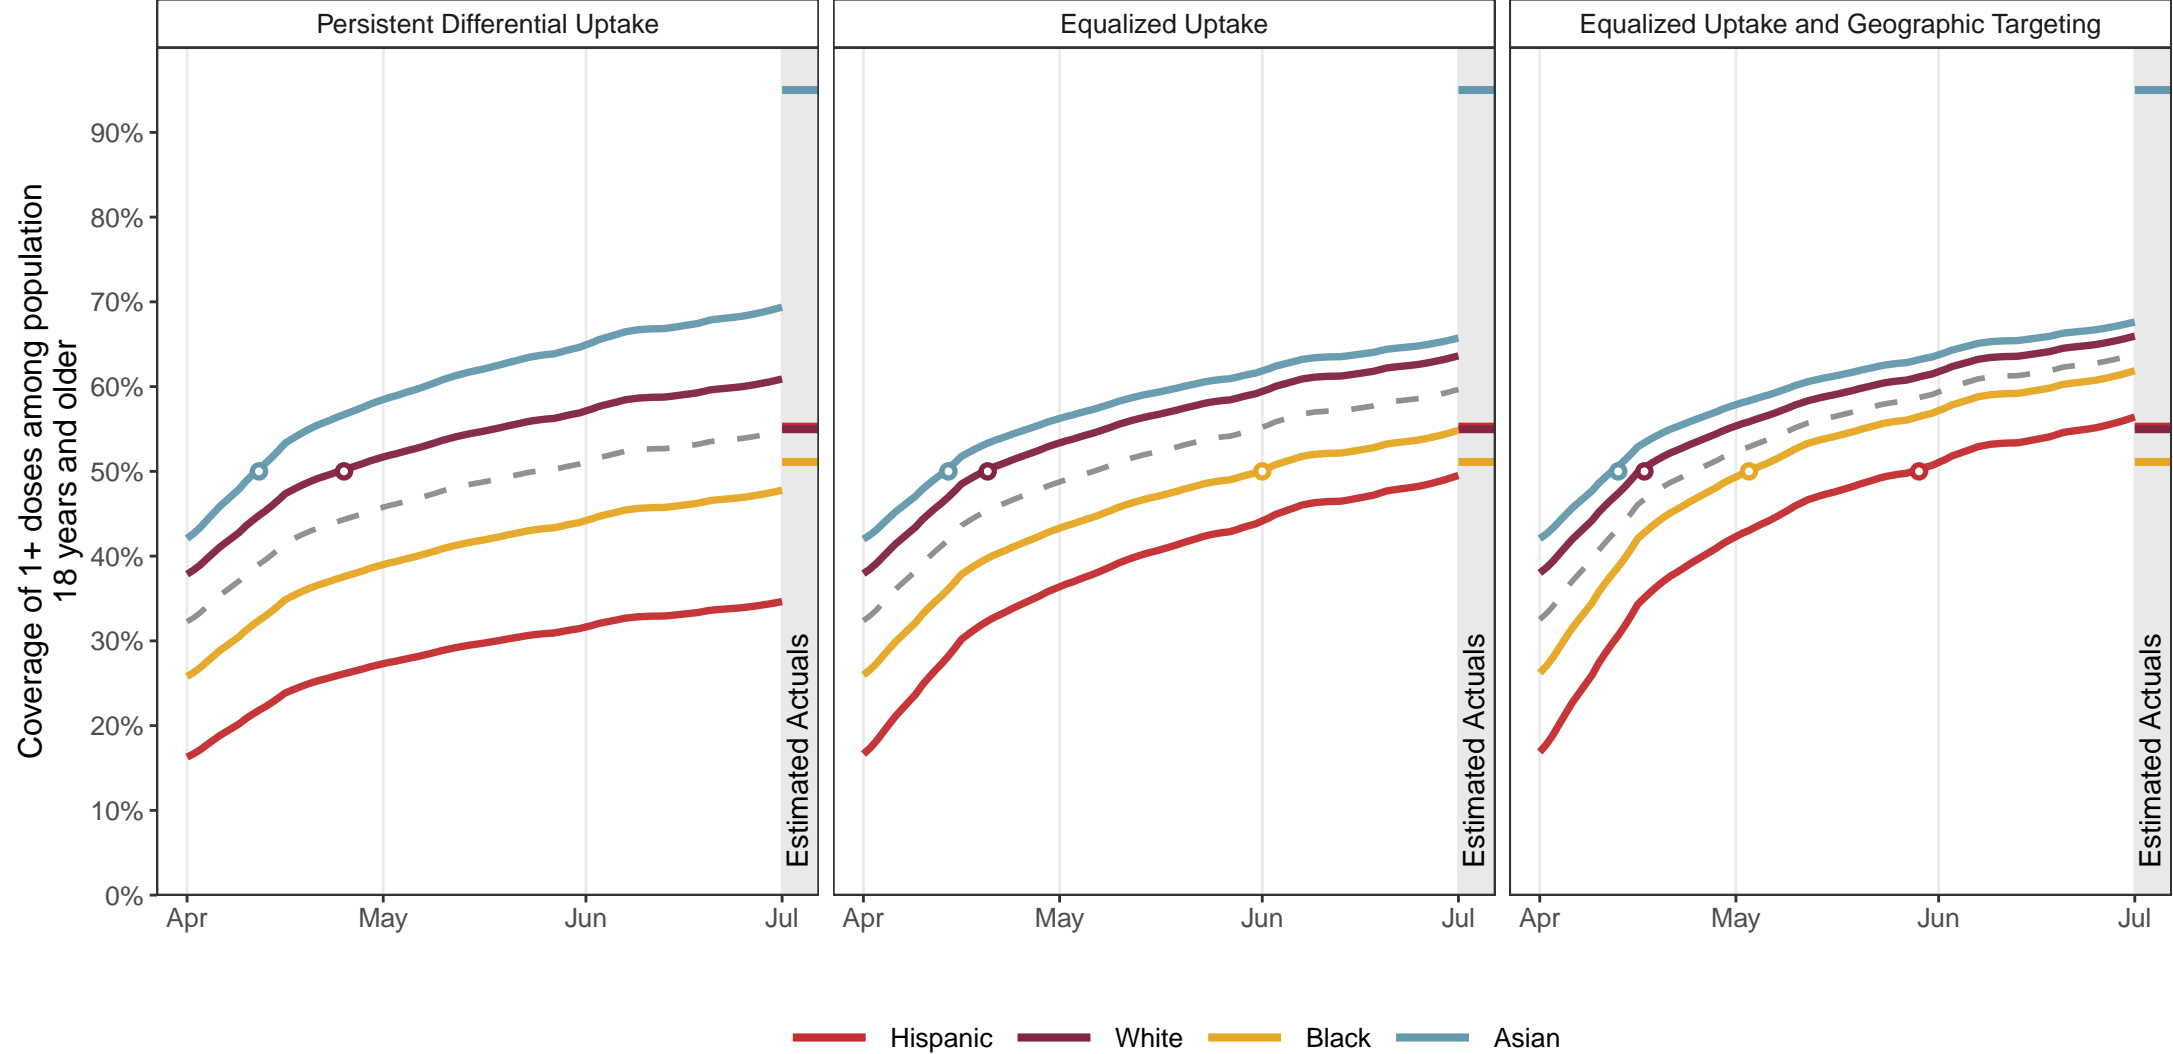

Georgia

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Hawaii

Persistent Differential Uptake | **Equalized Uptake** | **Equalized Uptake and Geographic Targeting**

Coverage of 1+ doses among population 18 years and older
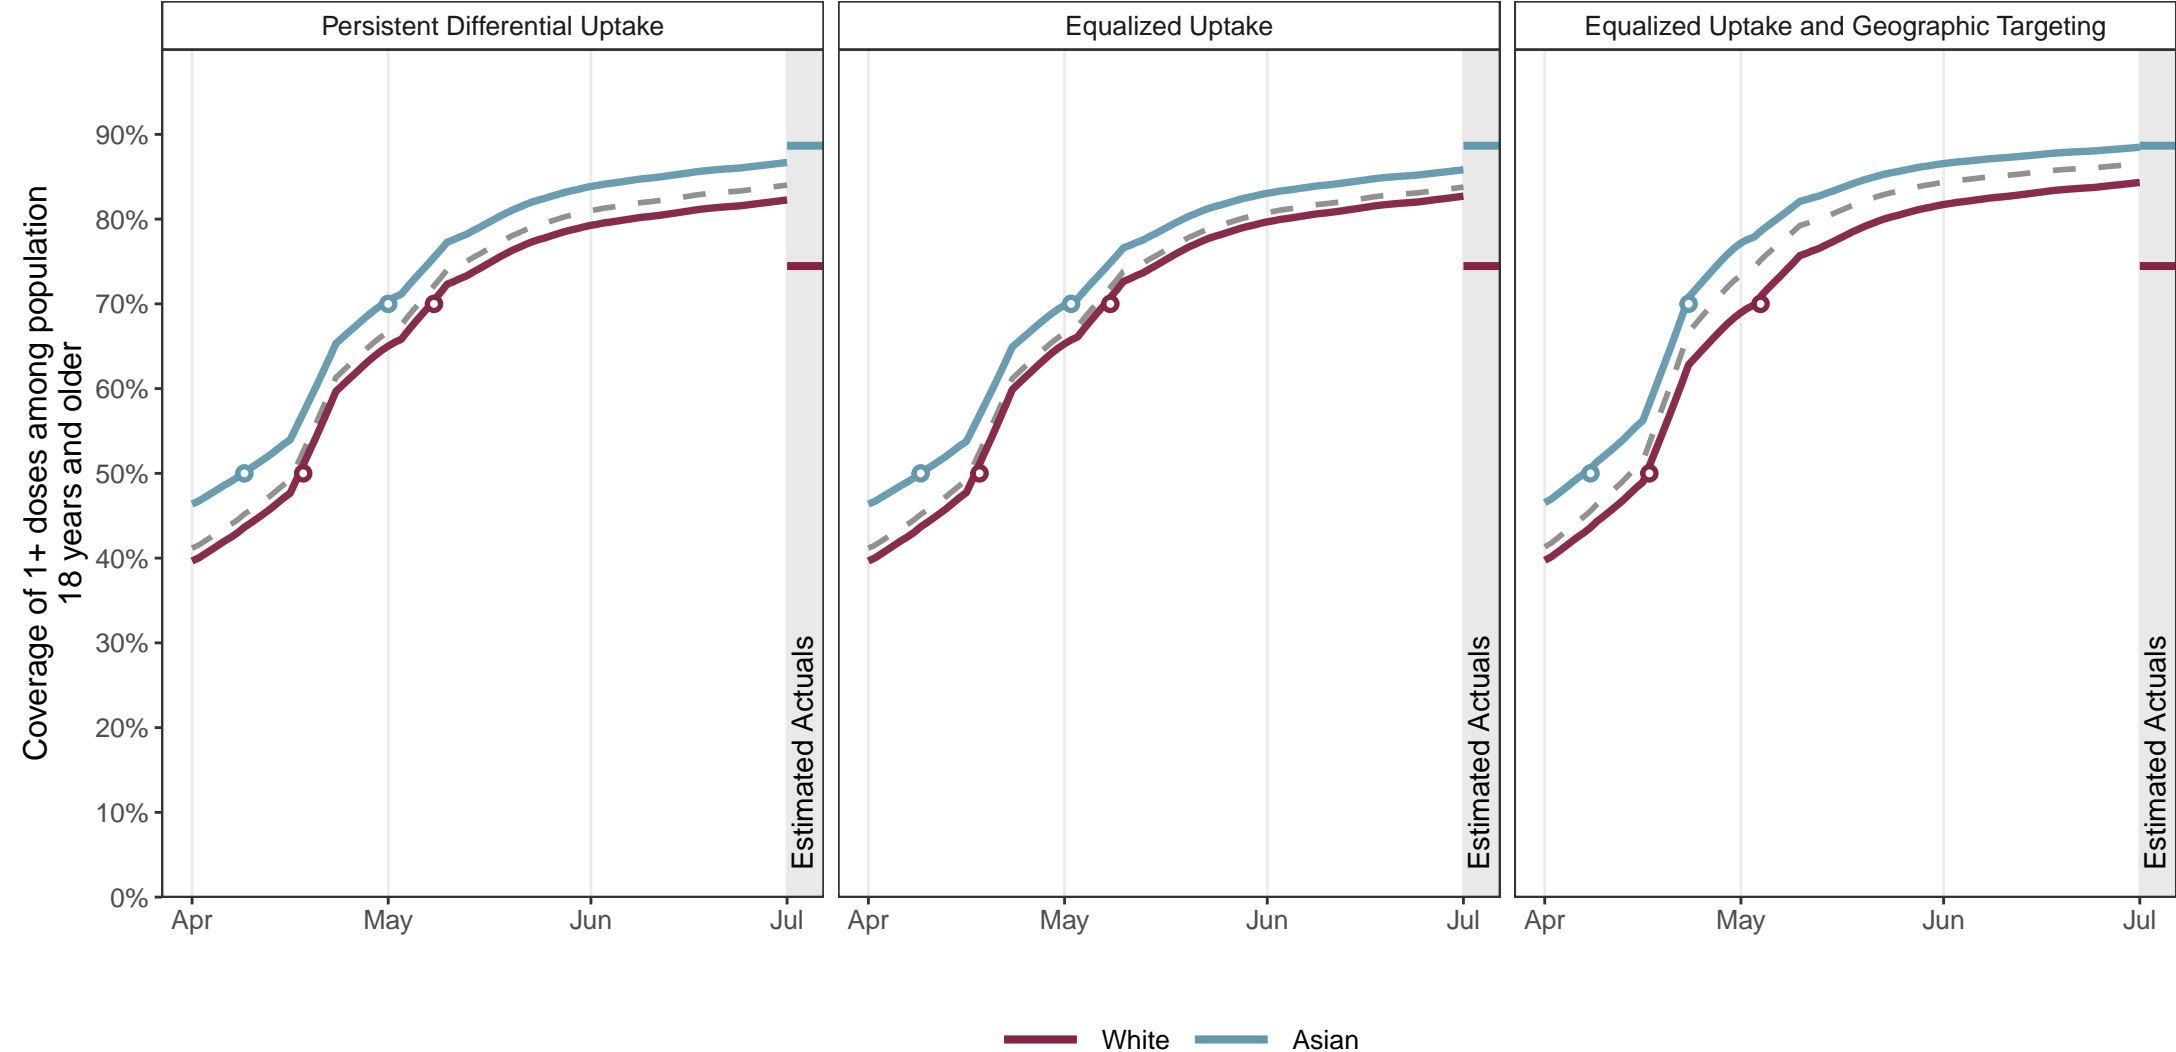

Estimated Actuals

White   Asian

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
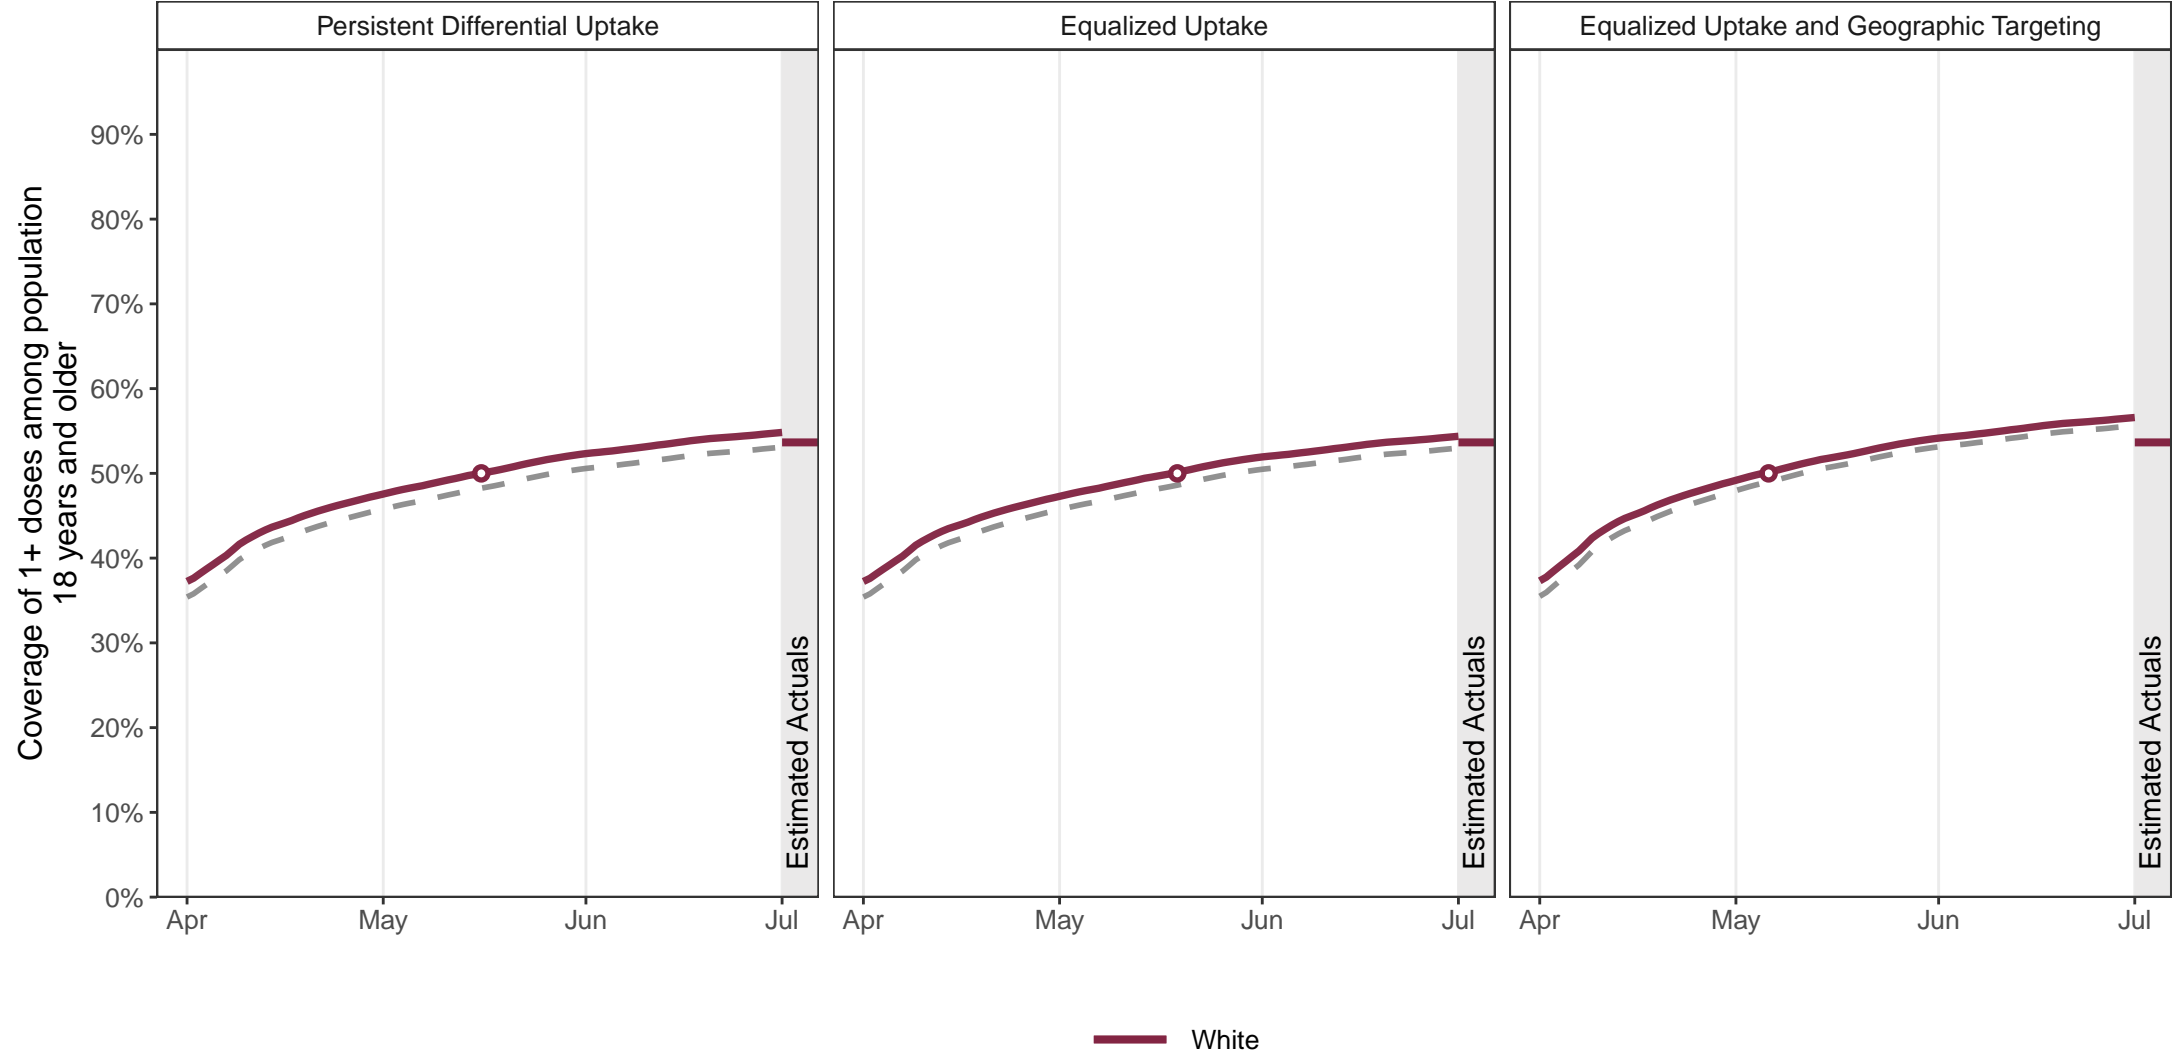

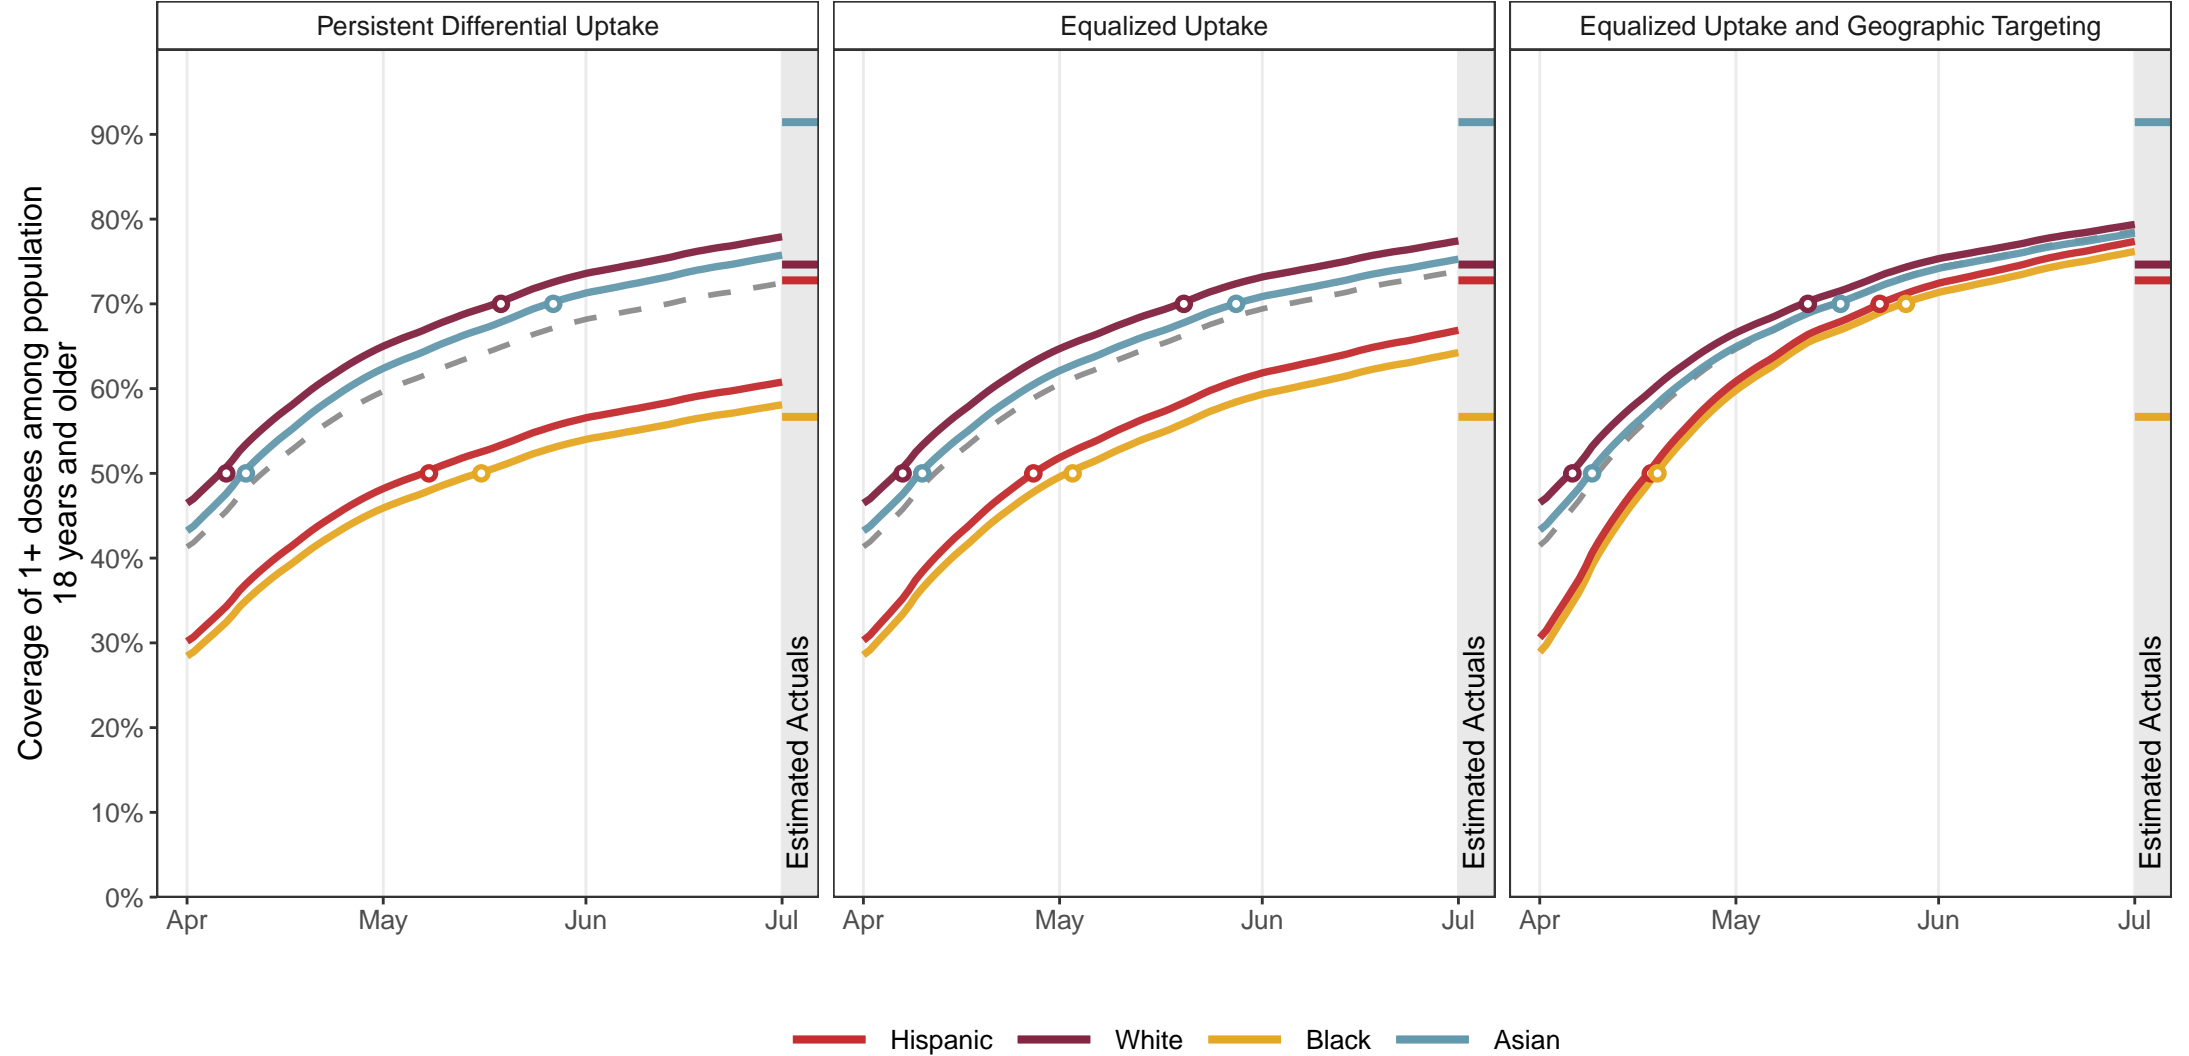

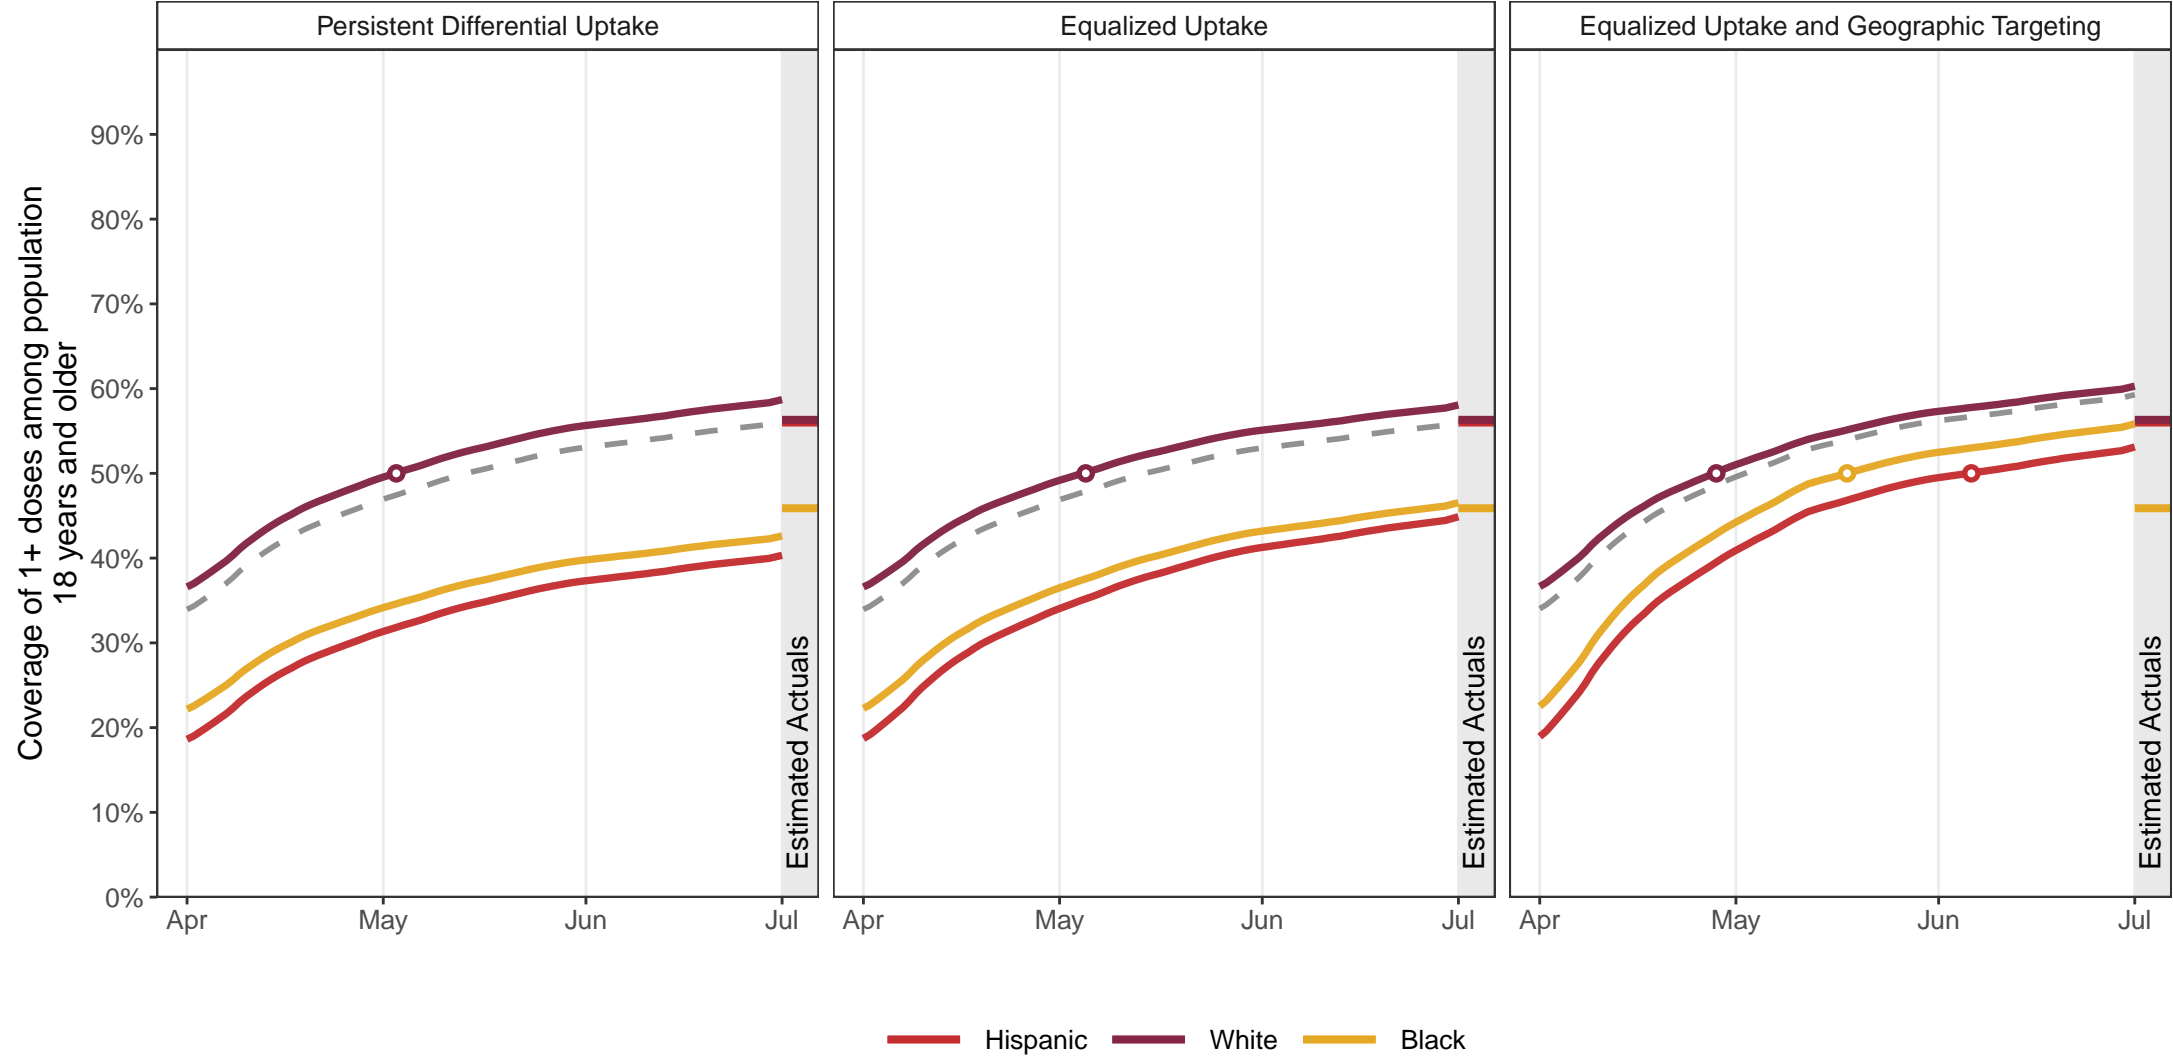

Idaho

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Illinois

| Persistent Differential Uptake | Equalized Uptake | Equalized Uptake and Geographic Targeting |

Coverage of 1+ doses among population 18 years and older

Estimated Actuals

Hispanic   White   Black   Asian

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Indiana

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
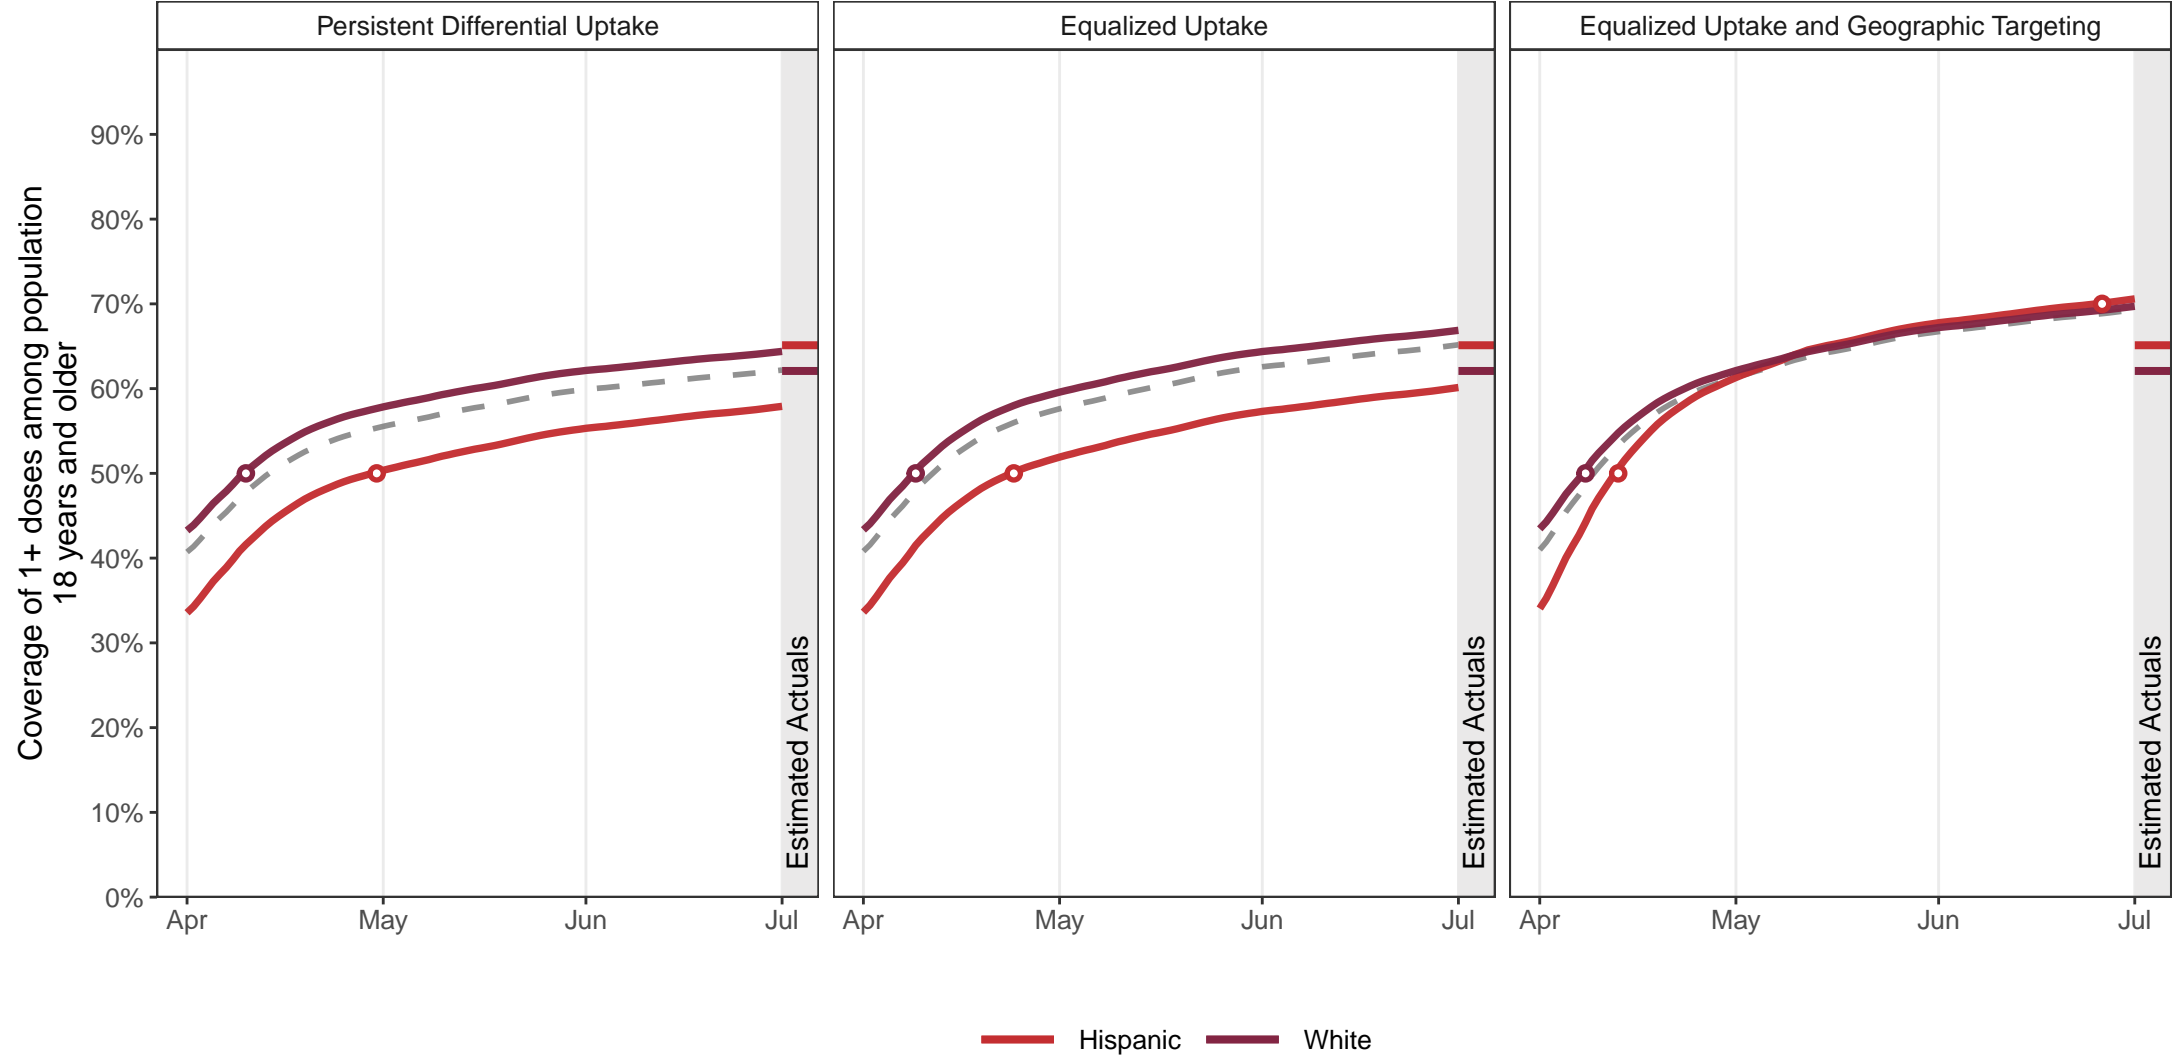

Iowa

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
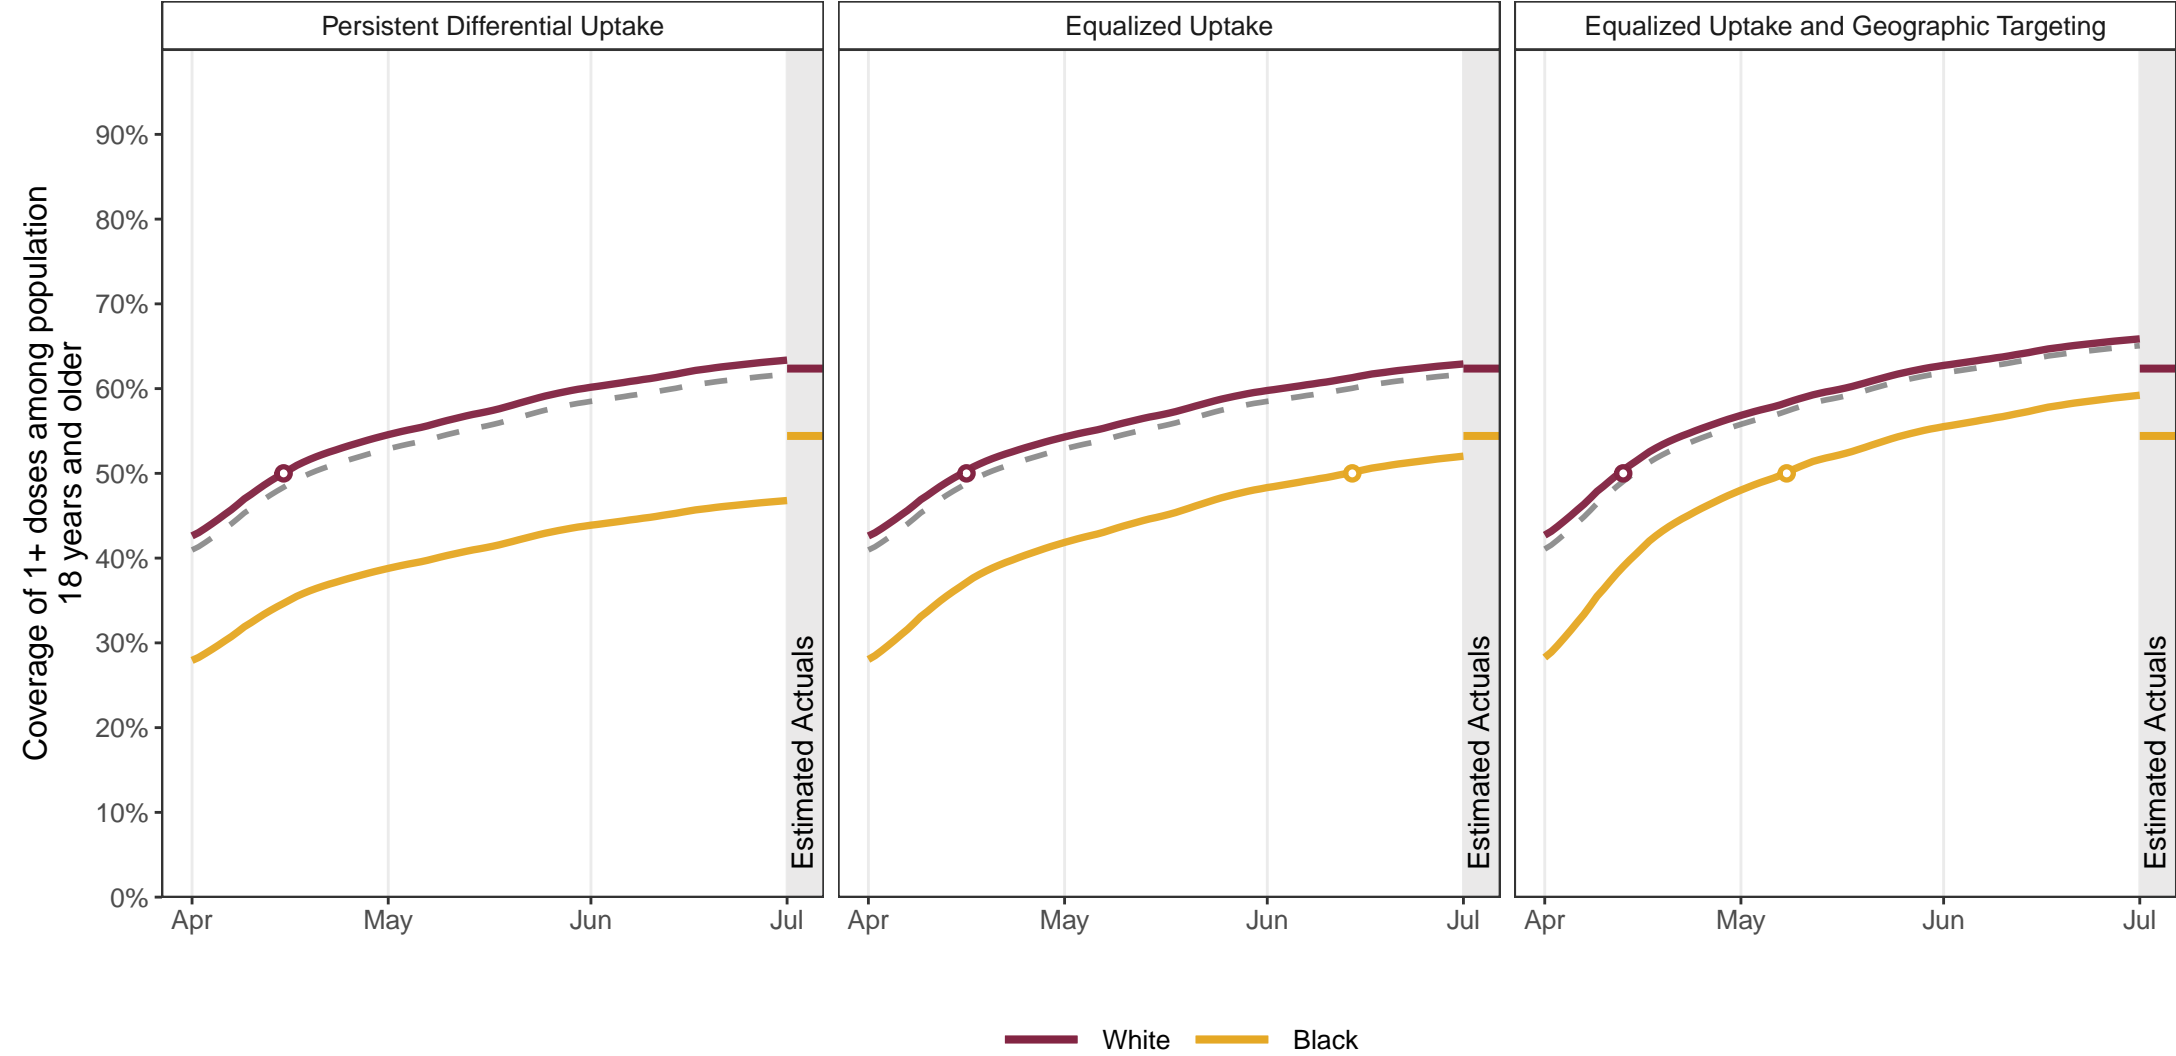

Kansas

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
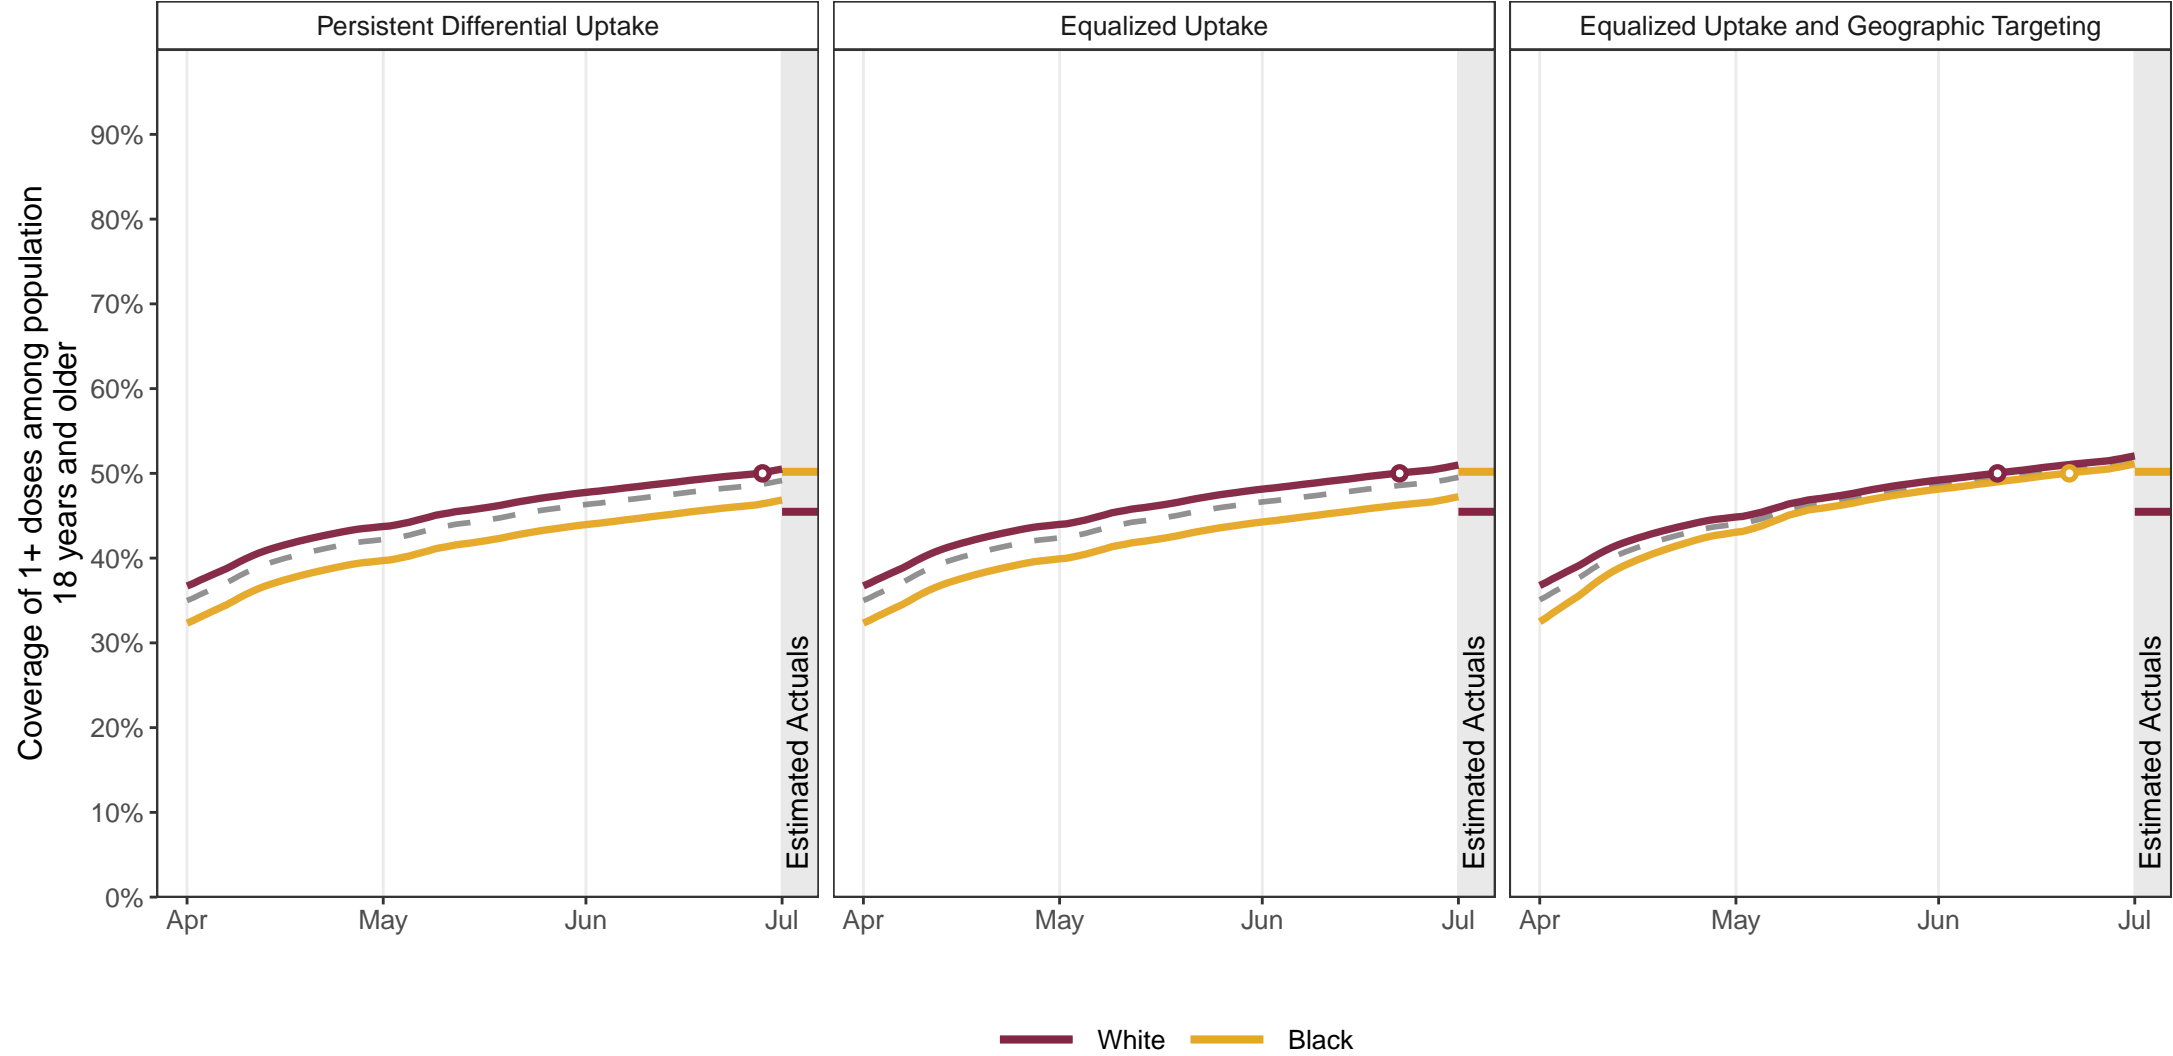

Kentucky

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
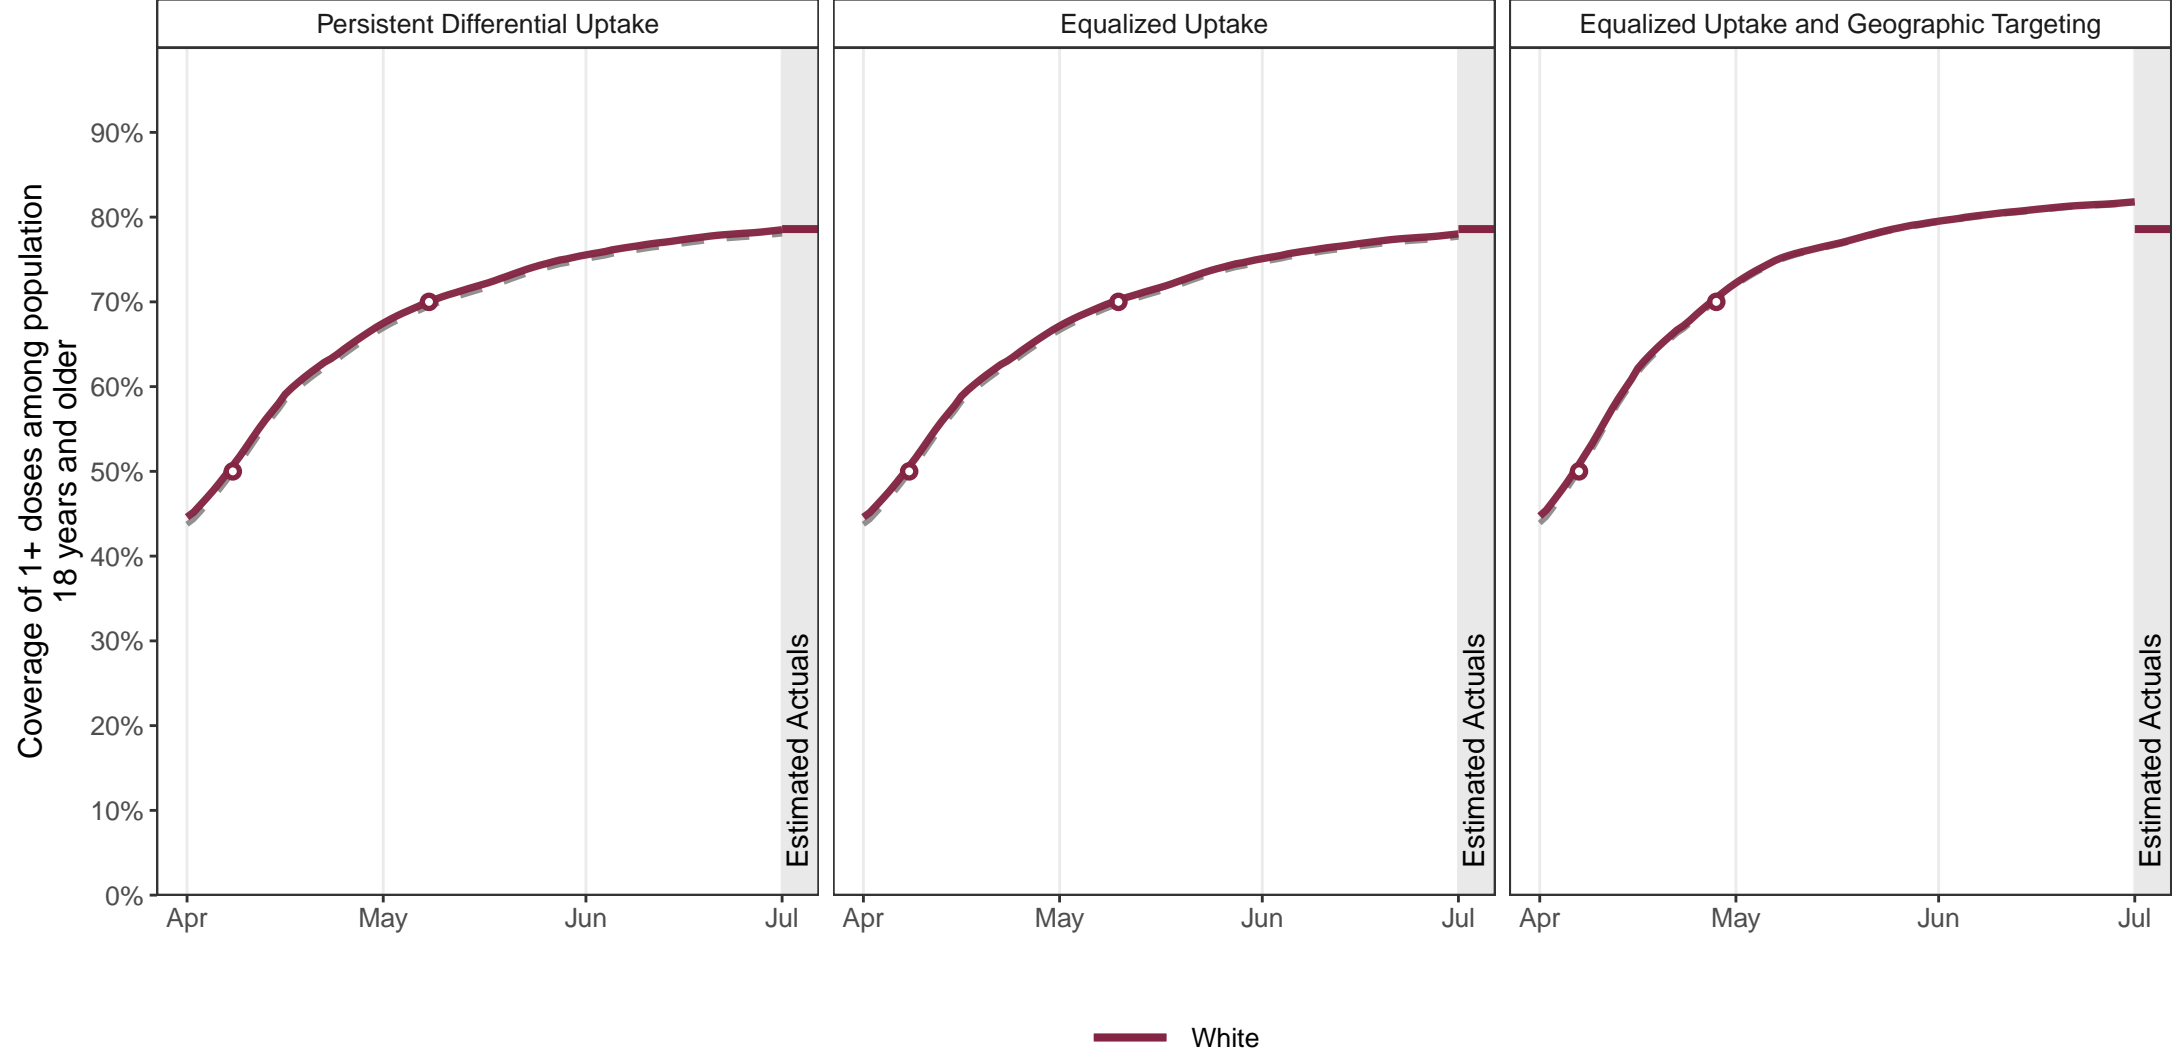

Louisiana

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Maine

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
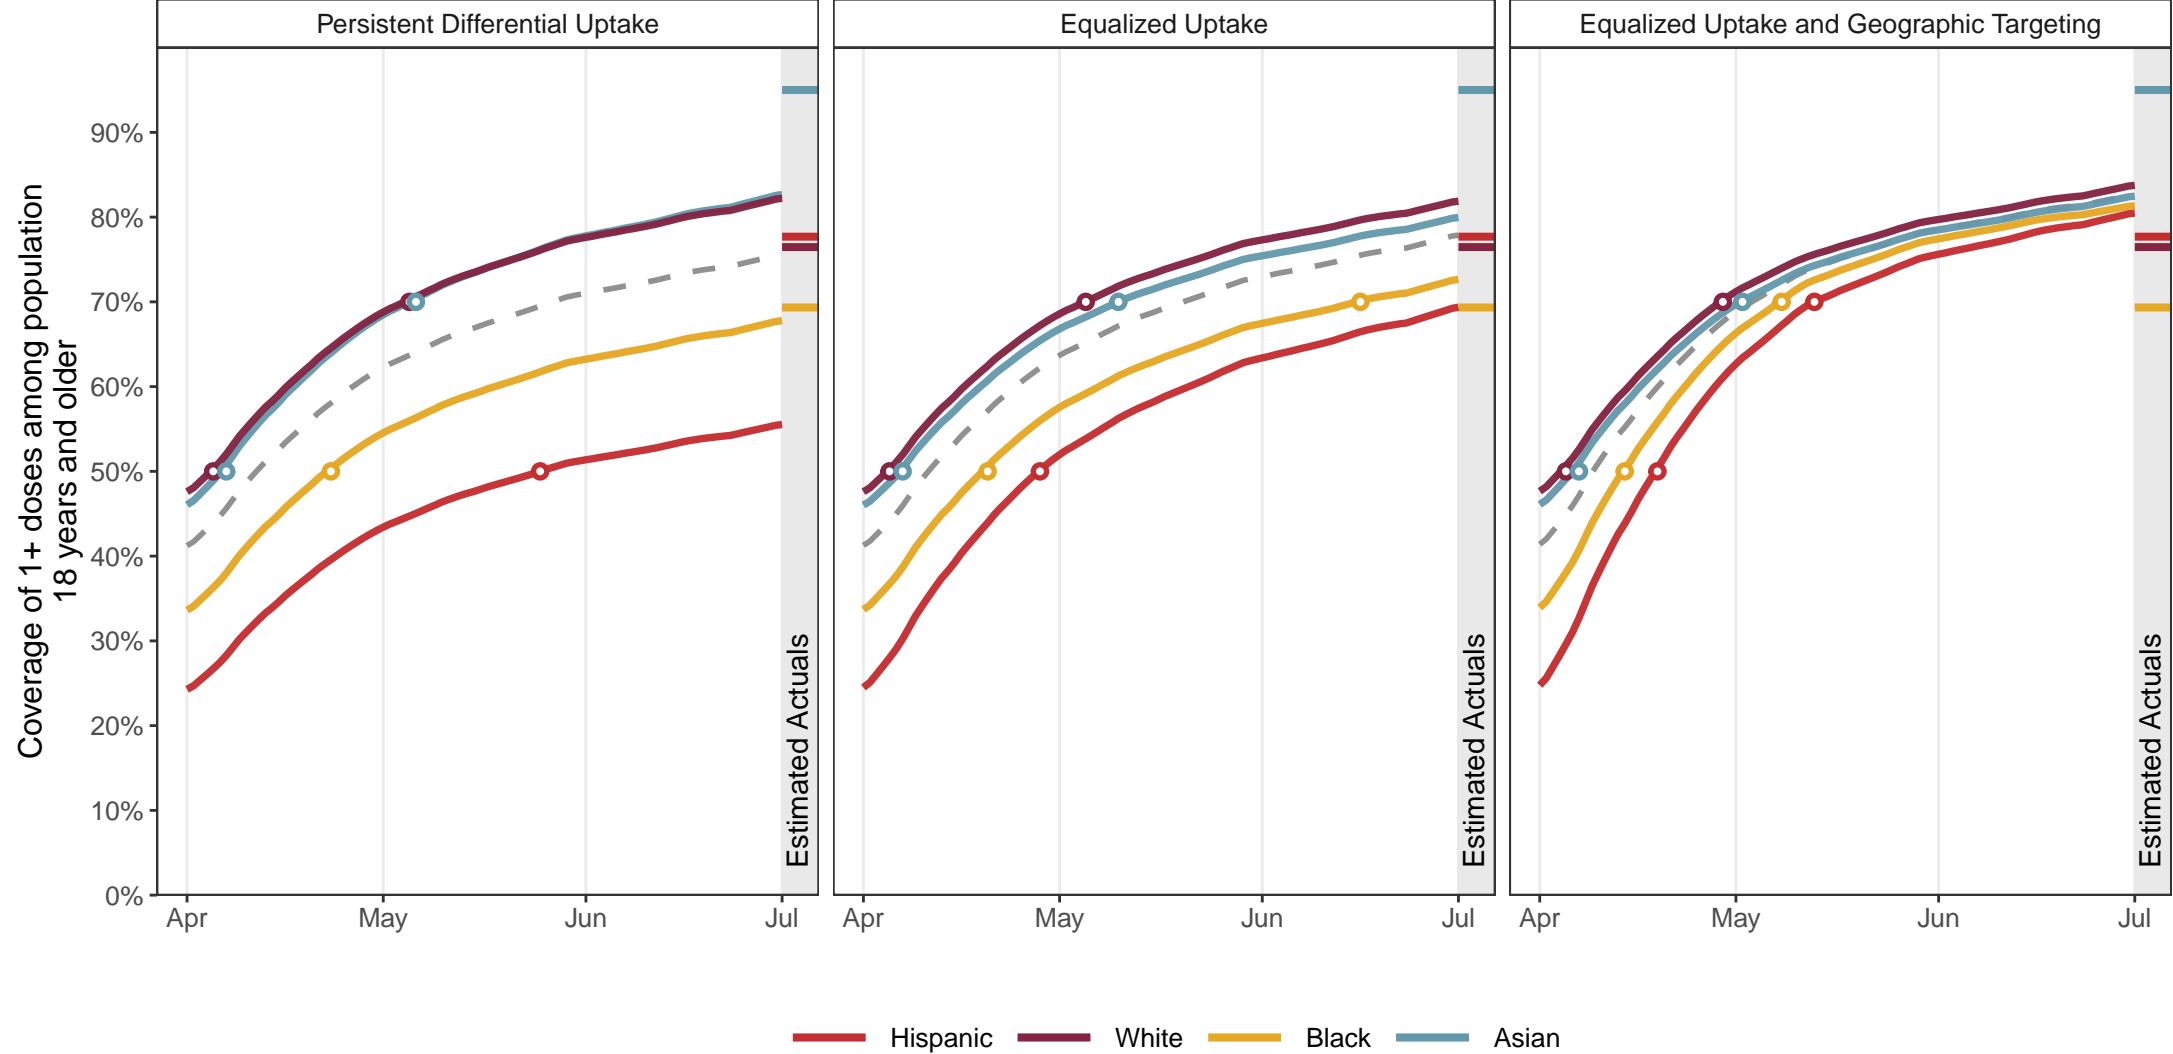

Maryland

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
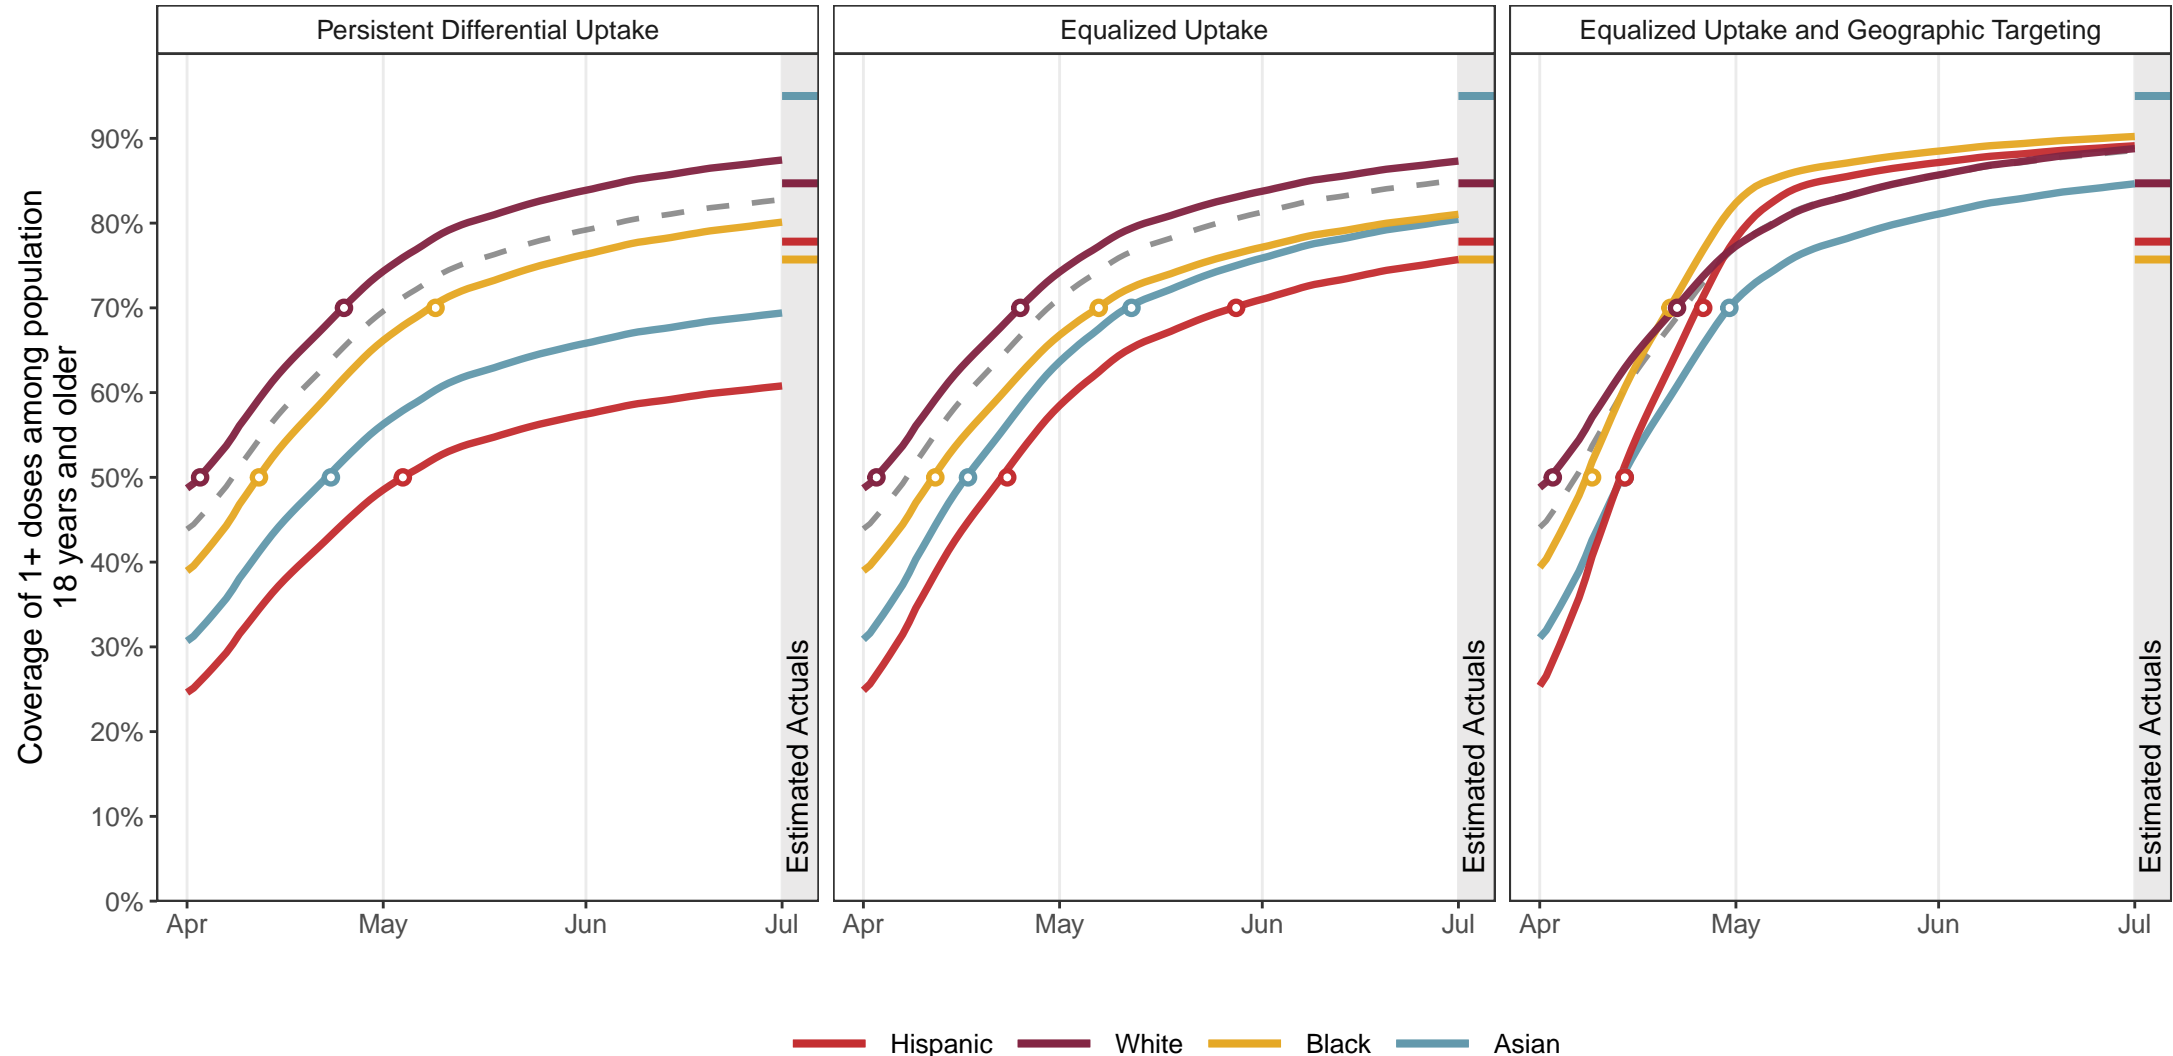

Massachusetts

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for
populations > 200K and data by race/ethnicity reported by state.

Michigan

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Minnesota

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
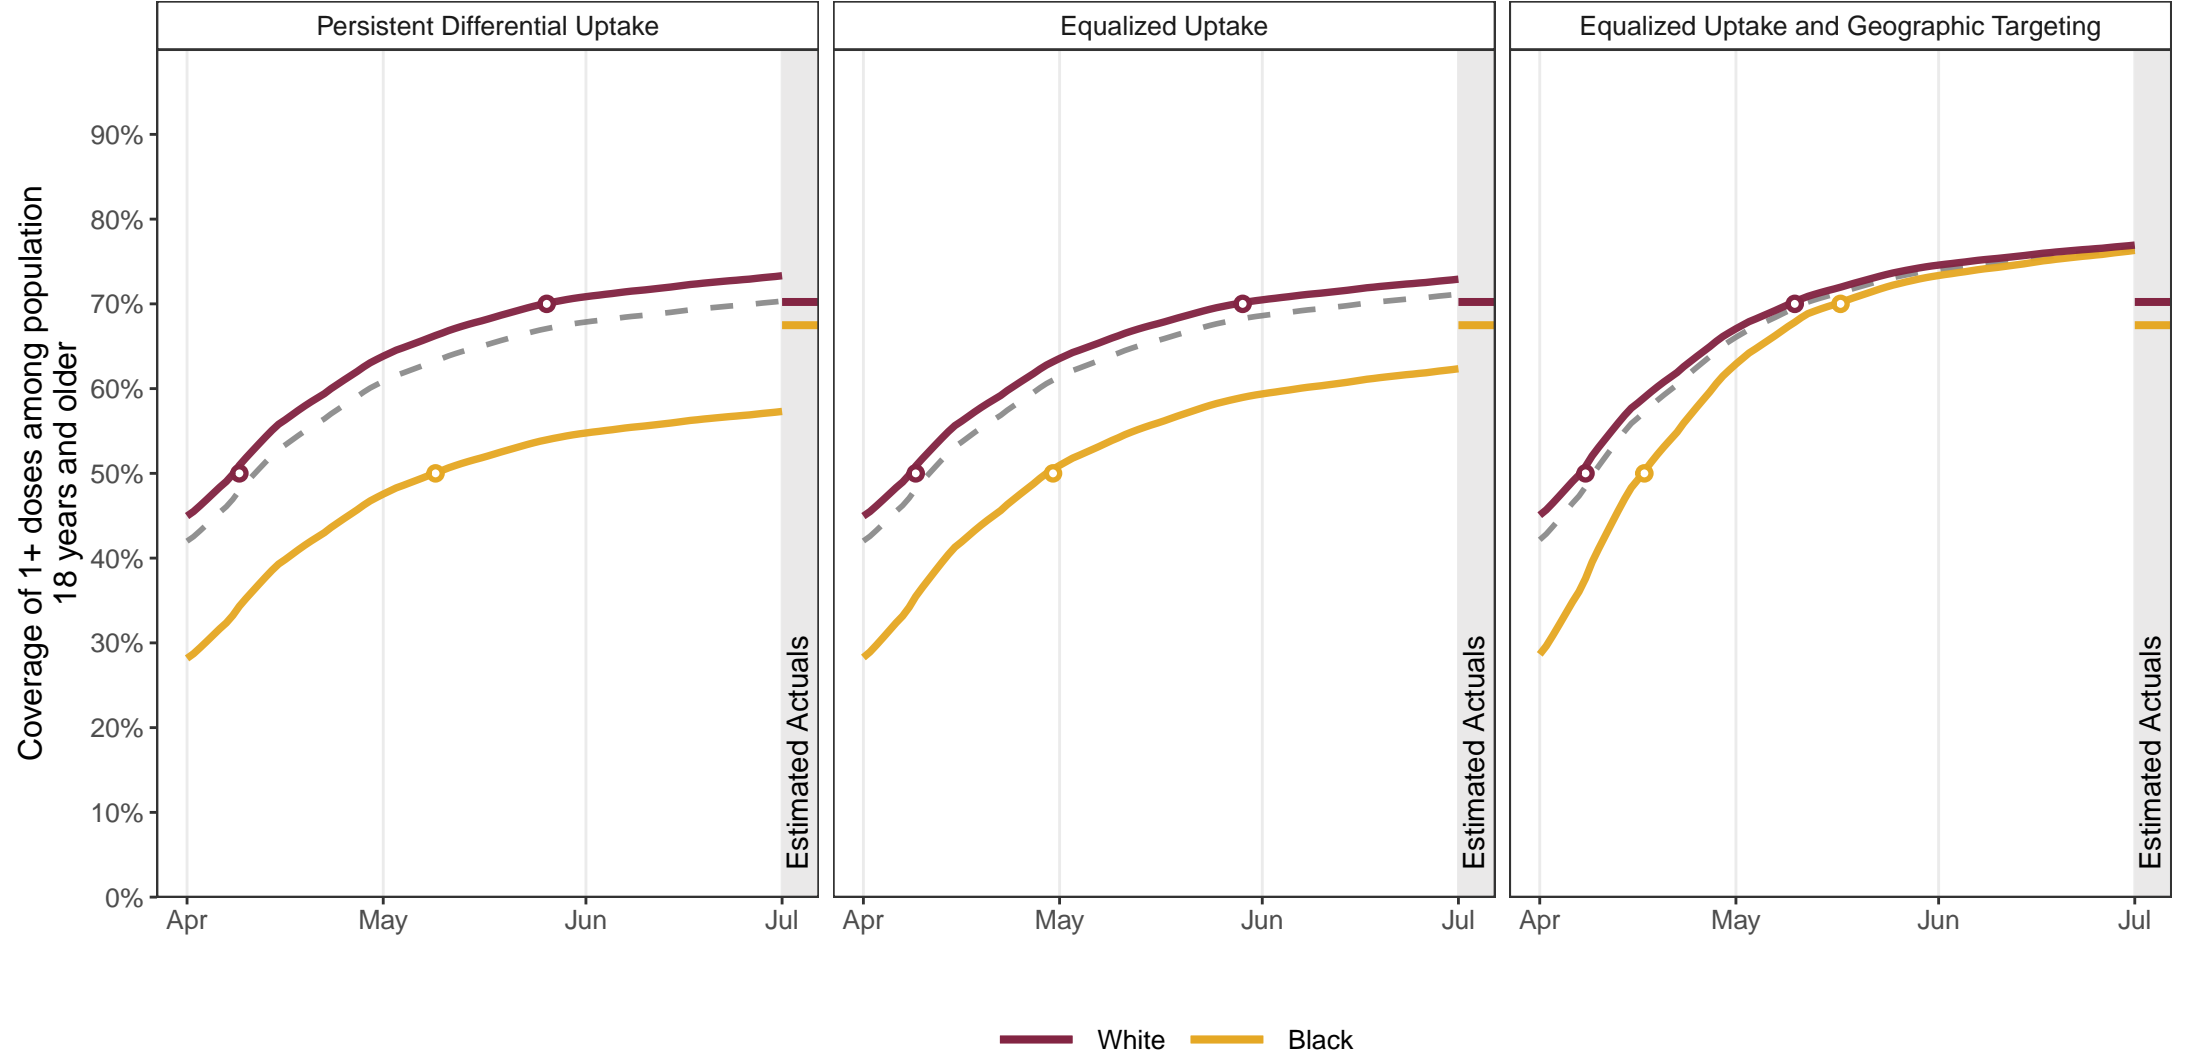

Mississippi

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Missouri

Coverage of 1+ doses among population 18 years and older

| Persistent Differential Uptake | Equalized Uptake | Equalized Uptake and Geographic Targeting |

White   Black

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
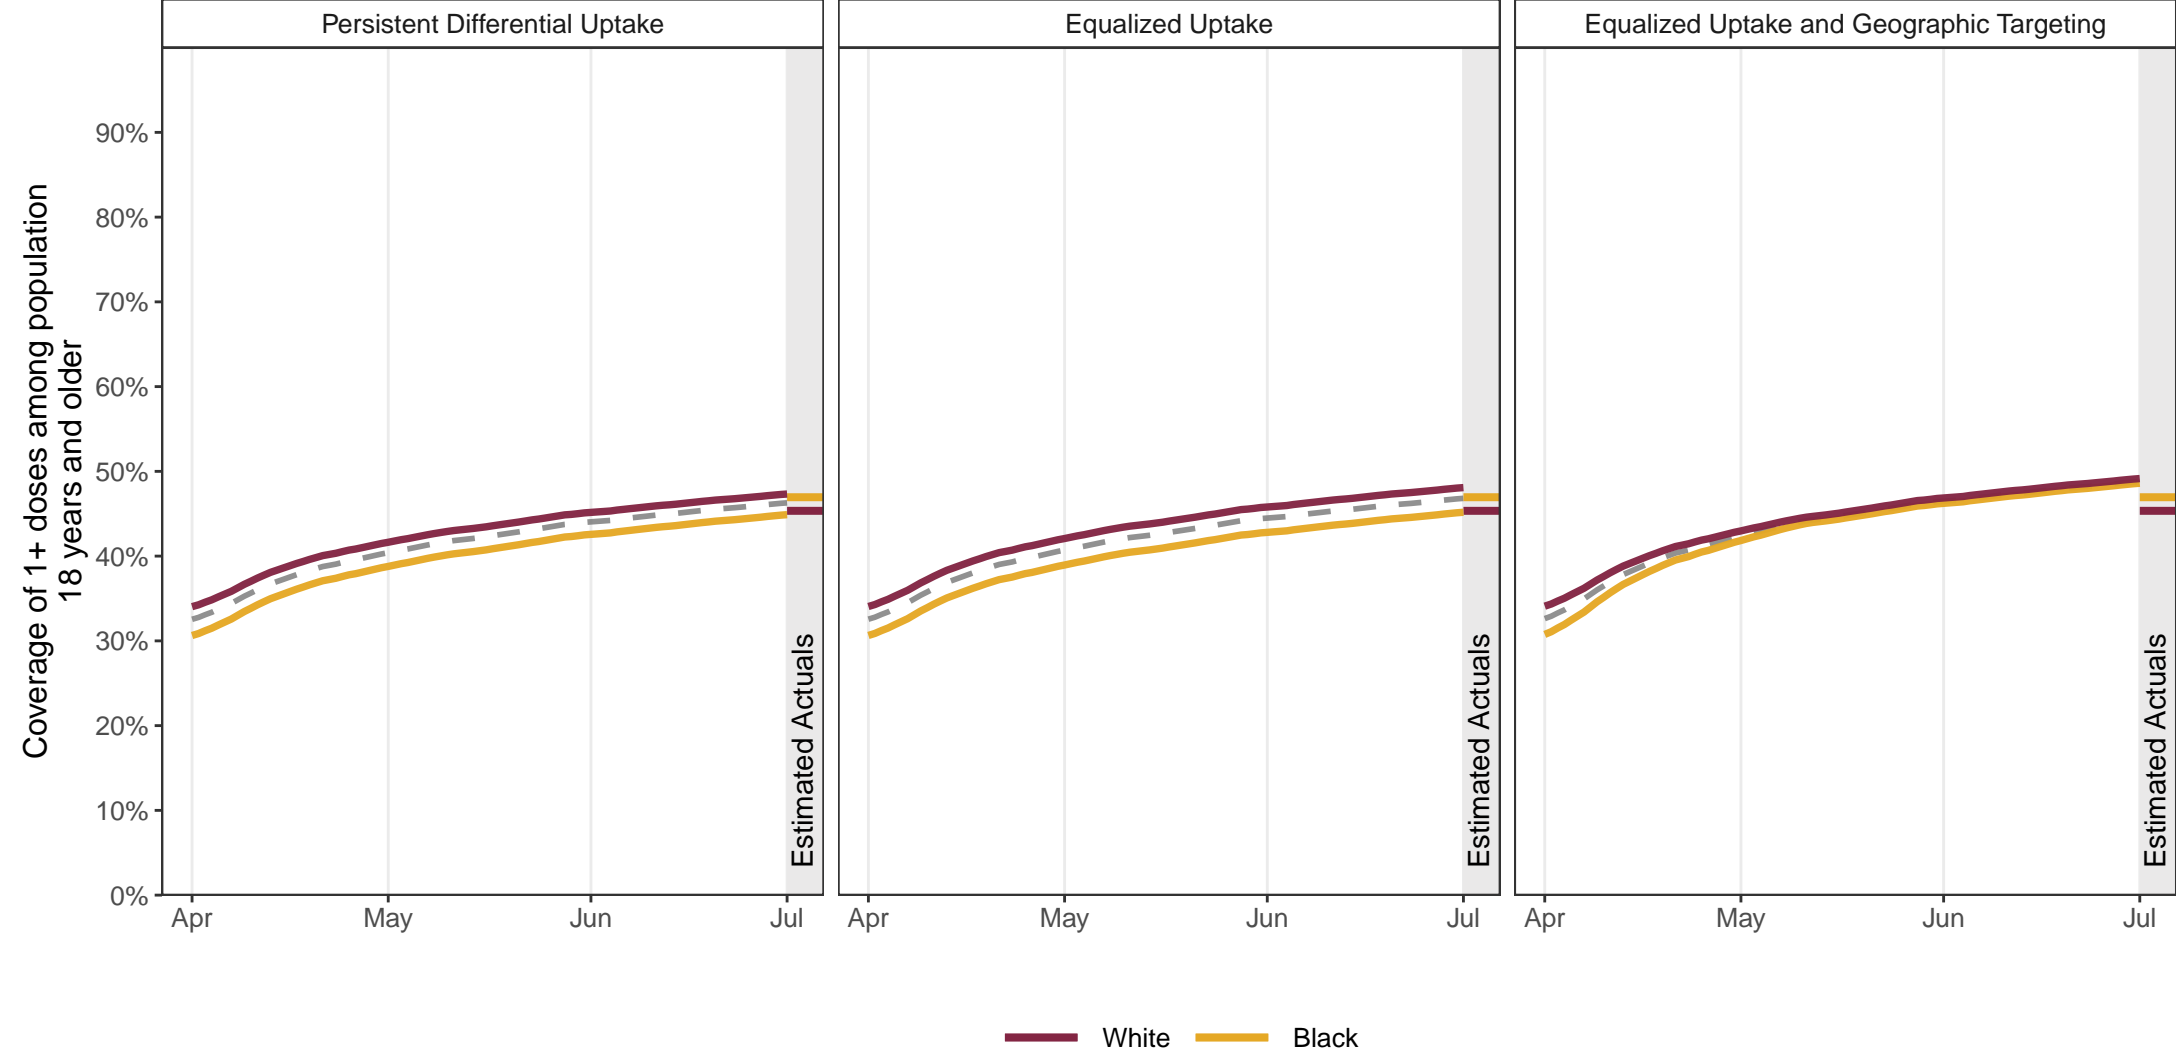

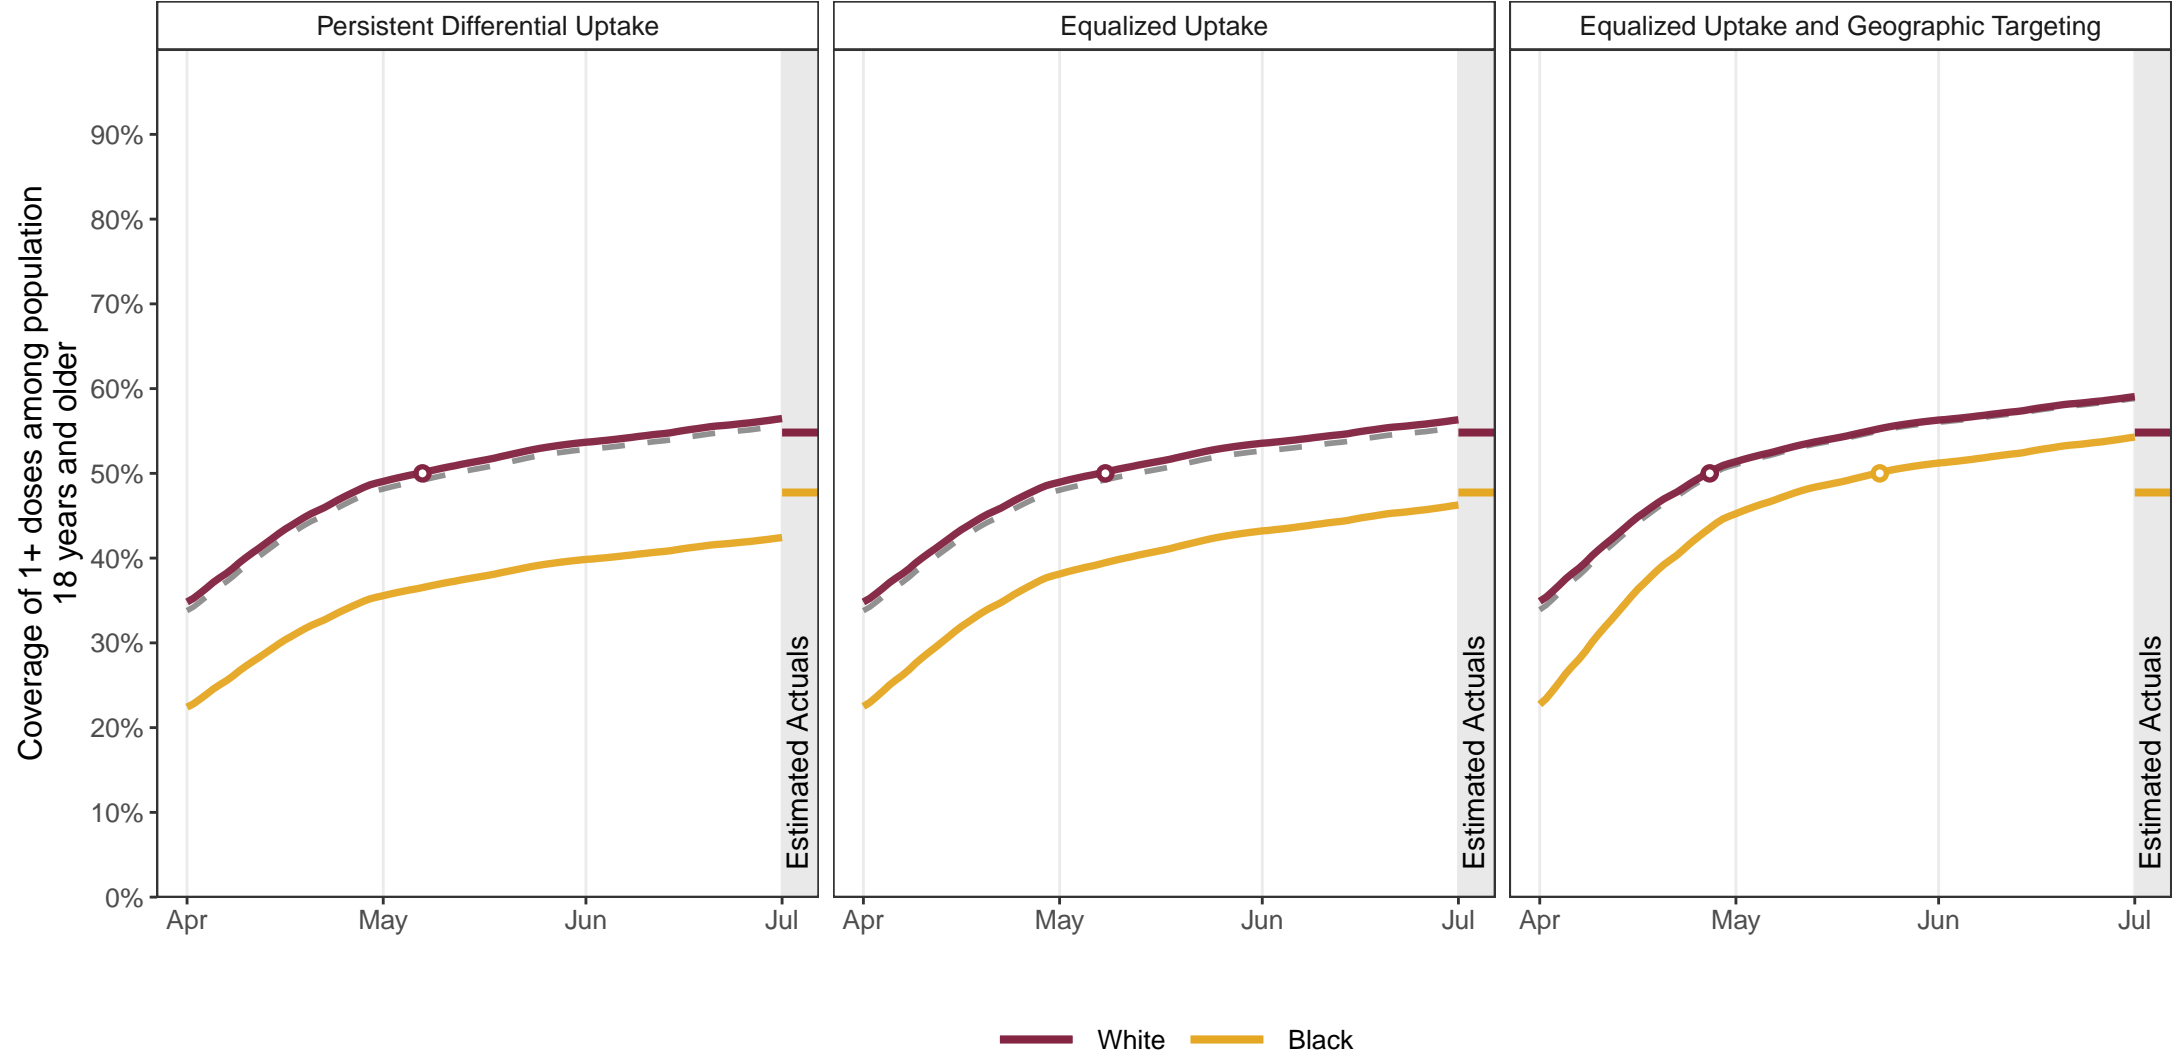

Montana

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
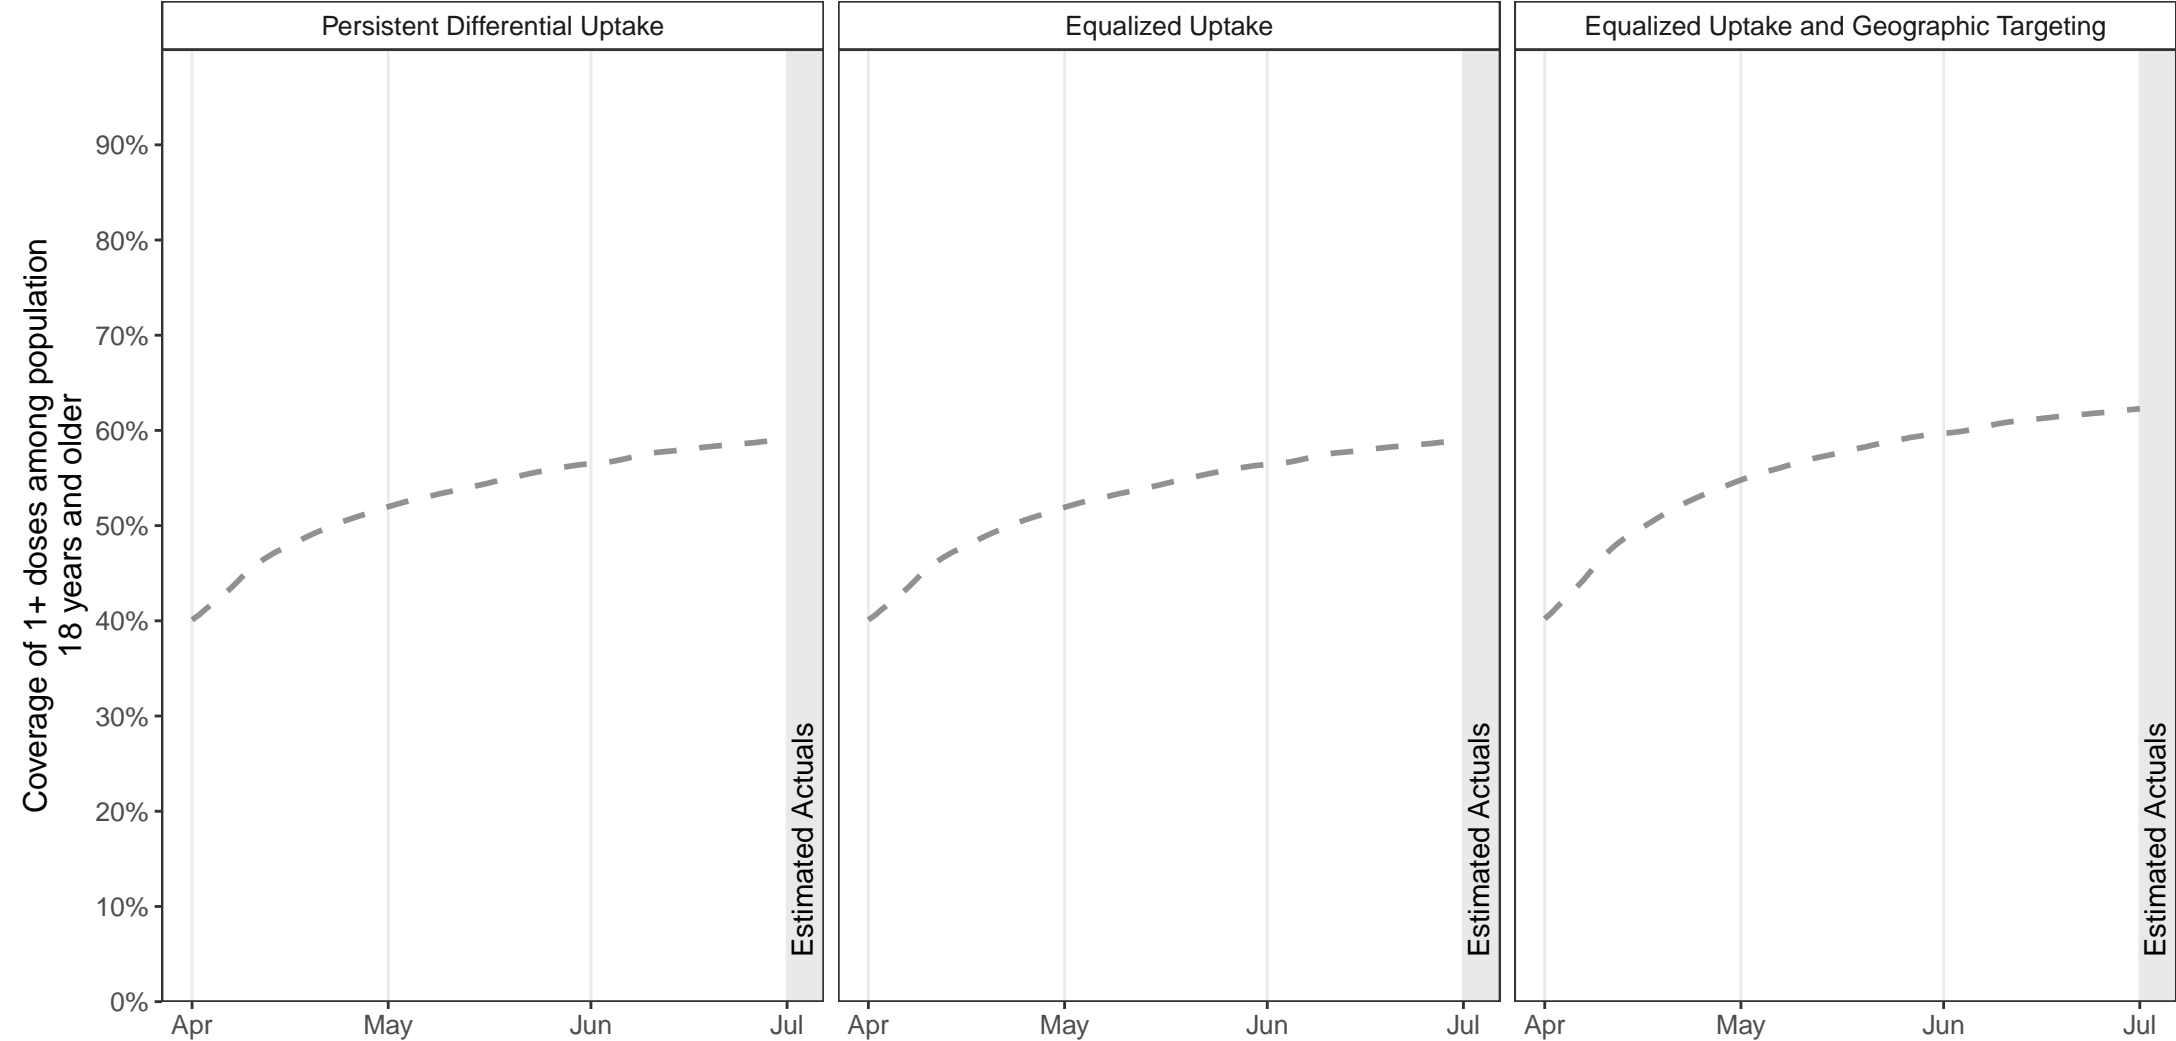

Nebraska

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
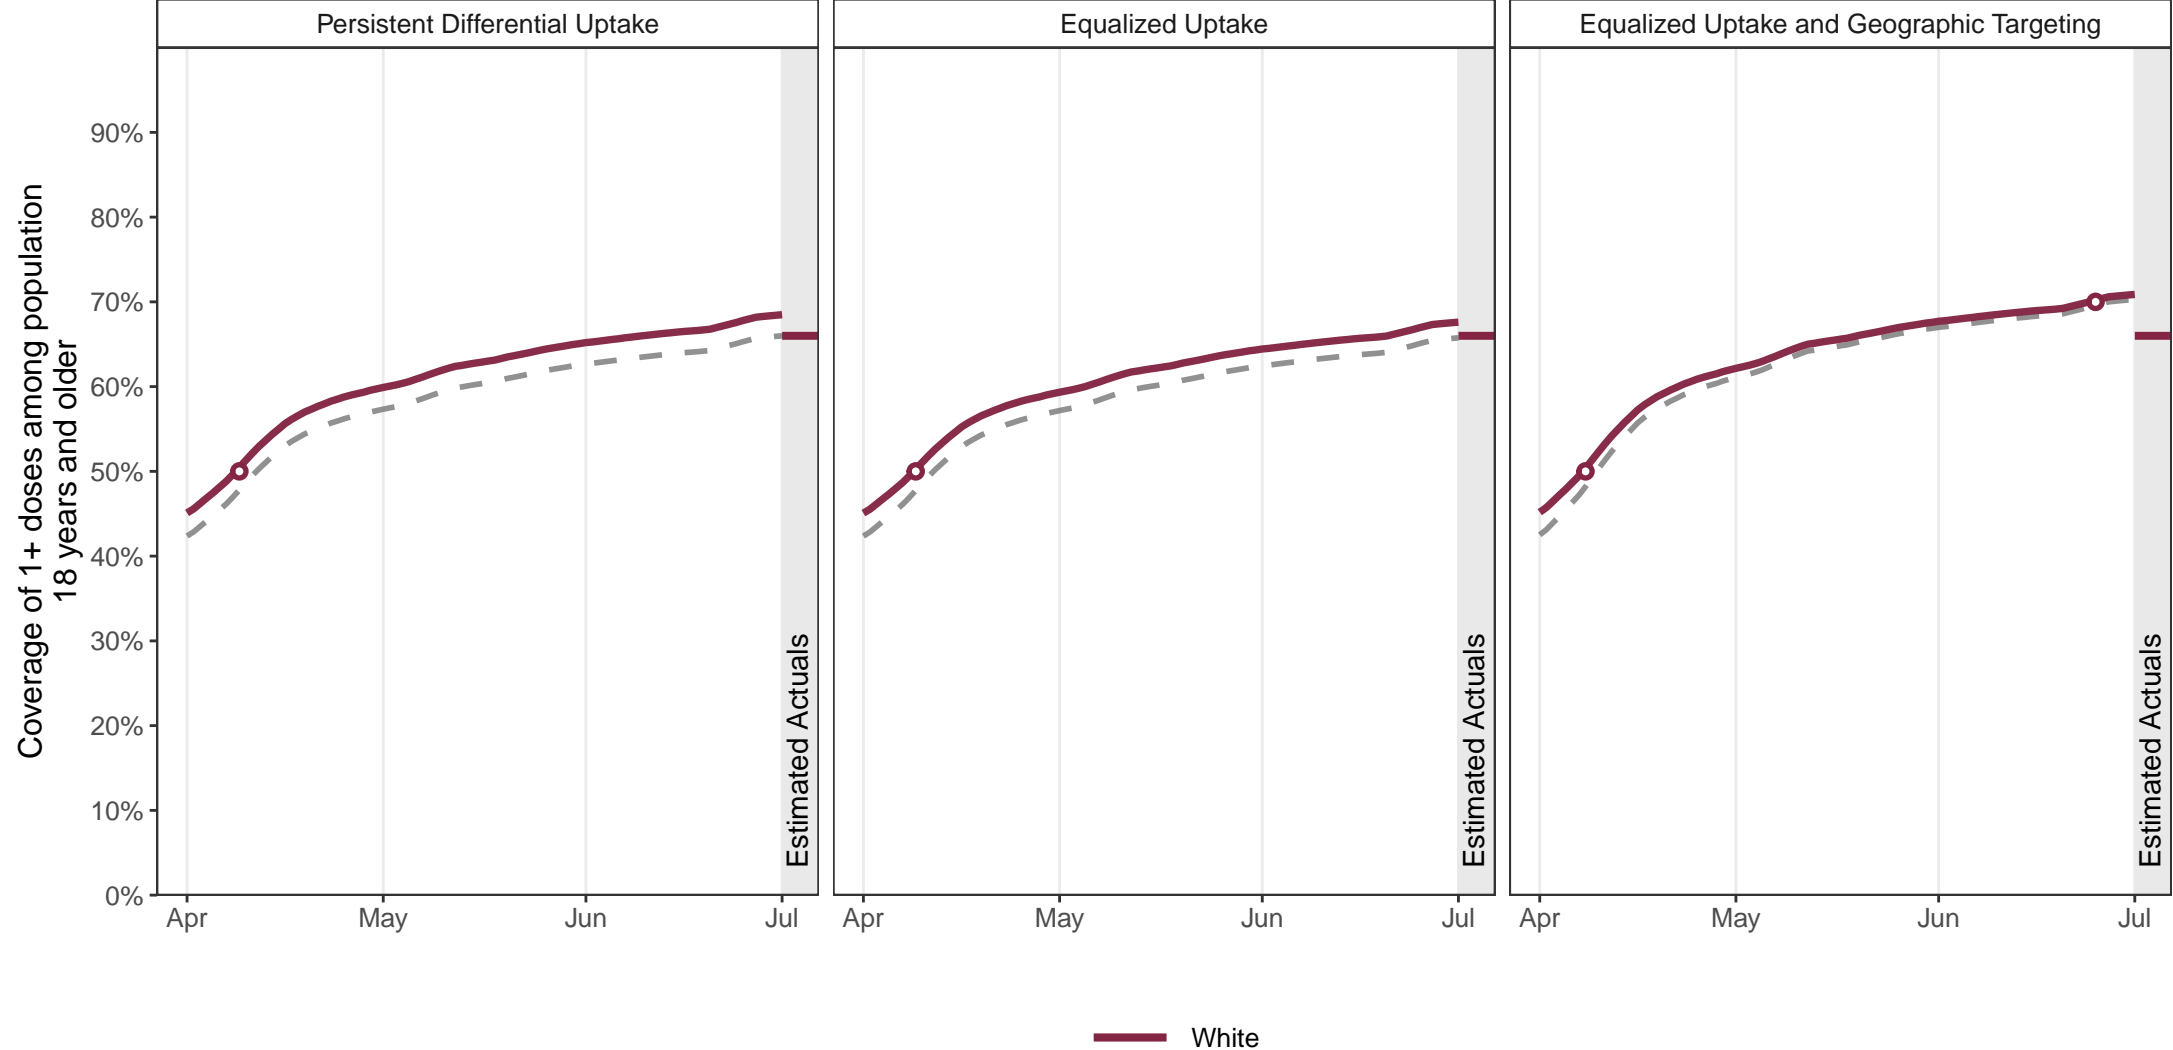

Nevada

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
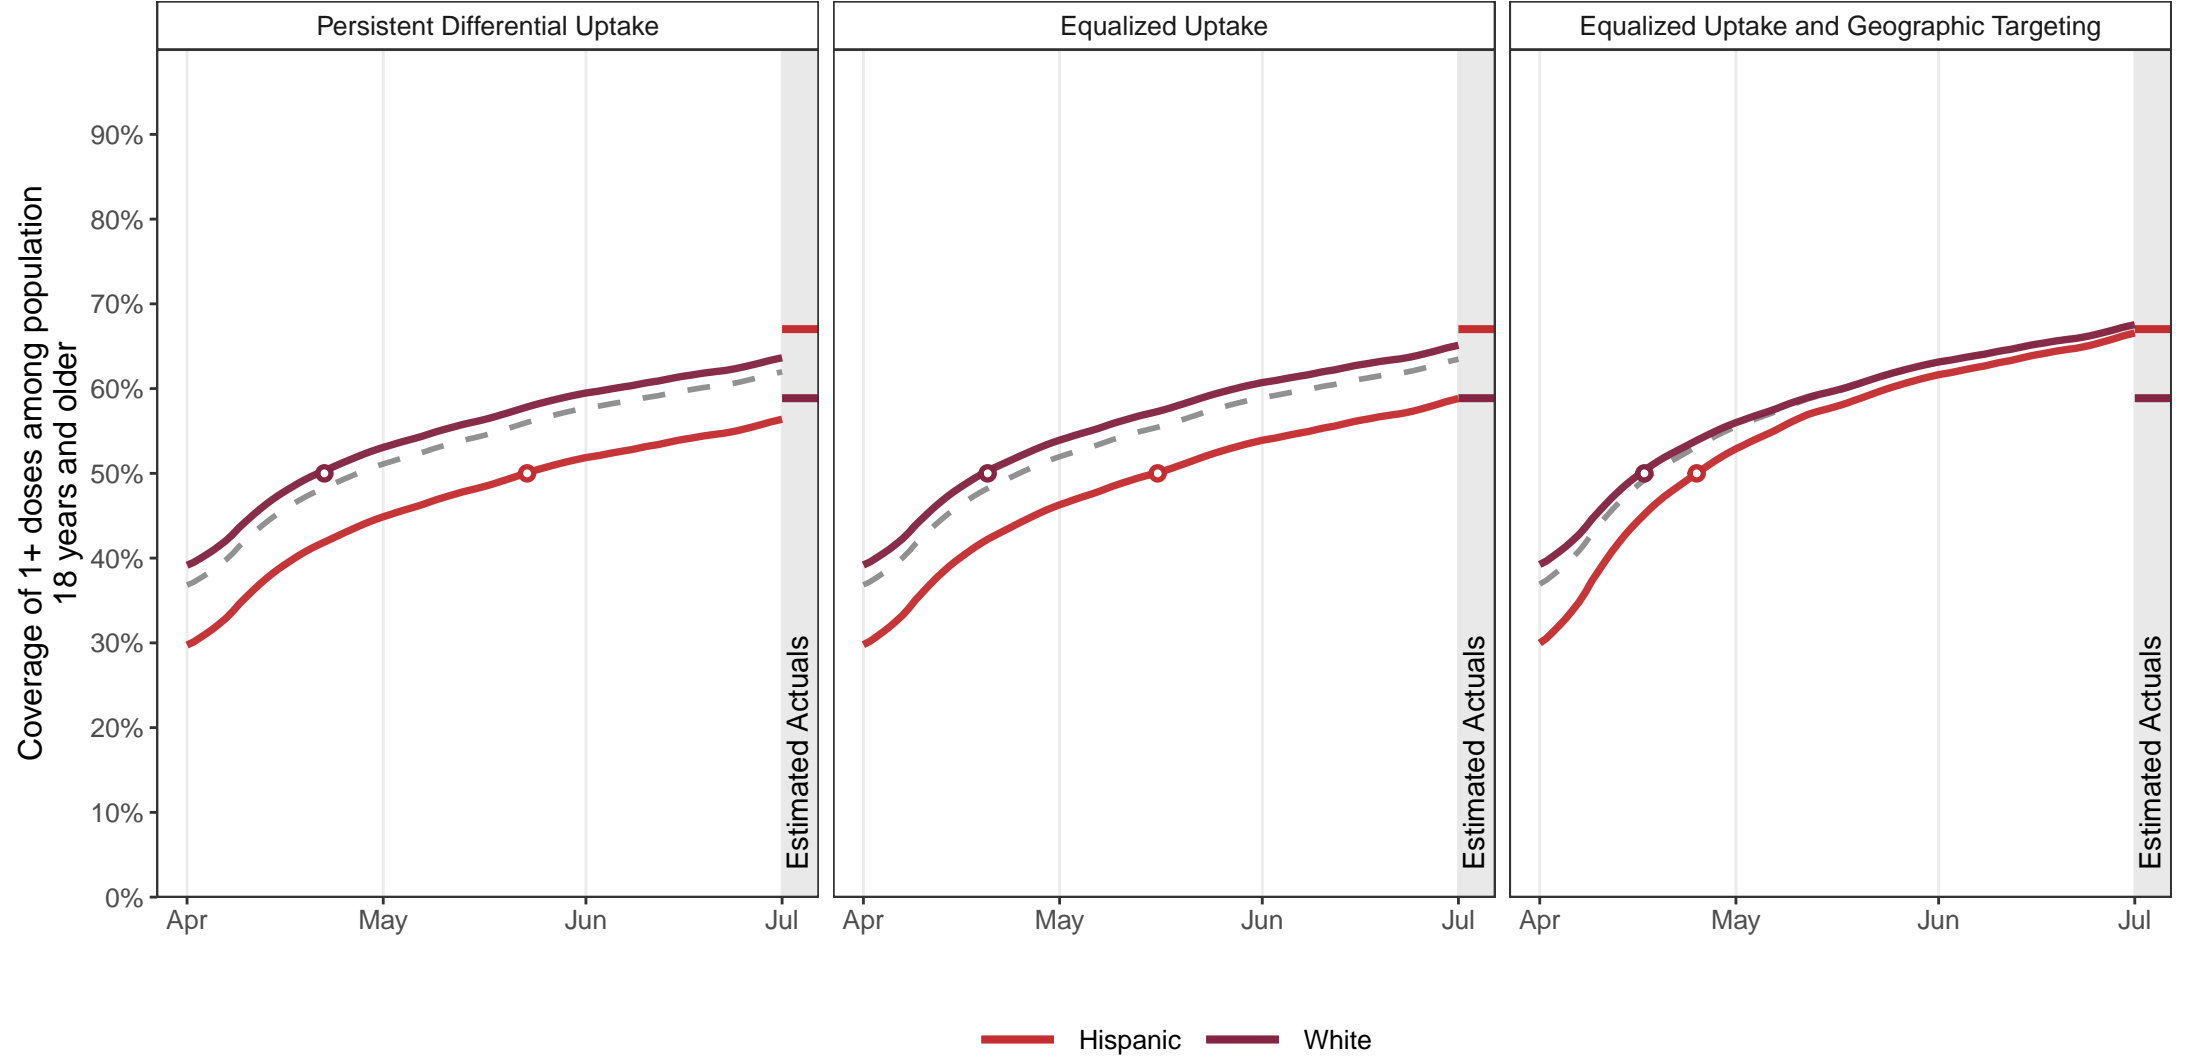

New Hampshire

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

New Jersey

Coverage of 1+ doses among population 18 years and older

| Persistent Differential Uptake | Equalized Uptake | Equalized Uptake and Geographic Targeting |

Estimated Actuals

Hispanic — White — Black — Asian

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
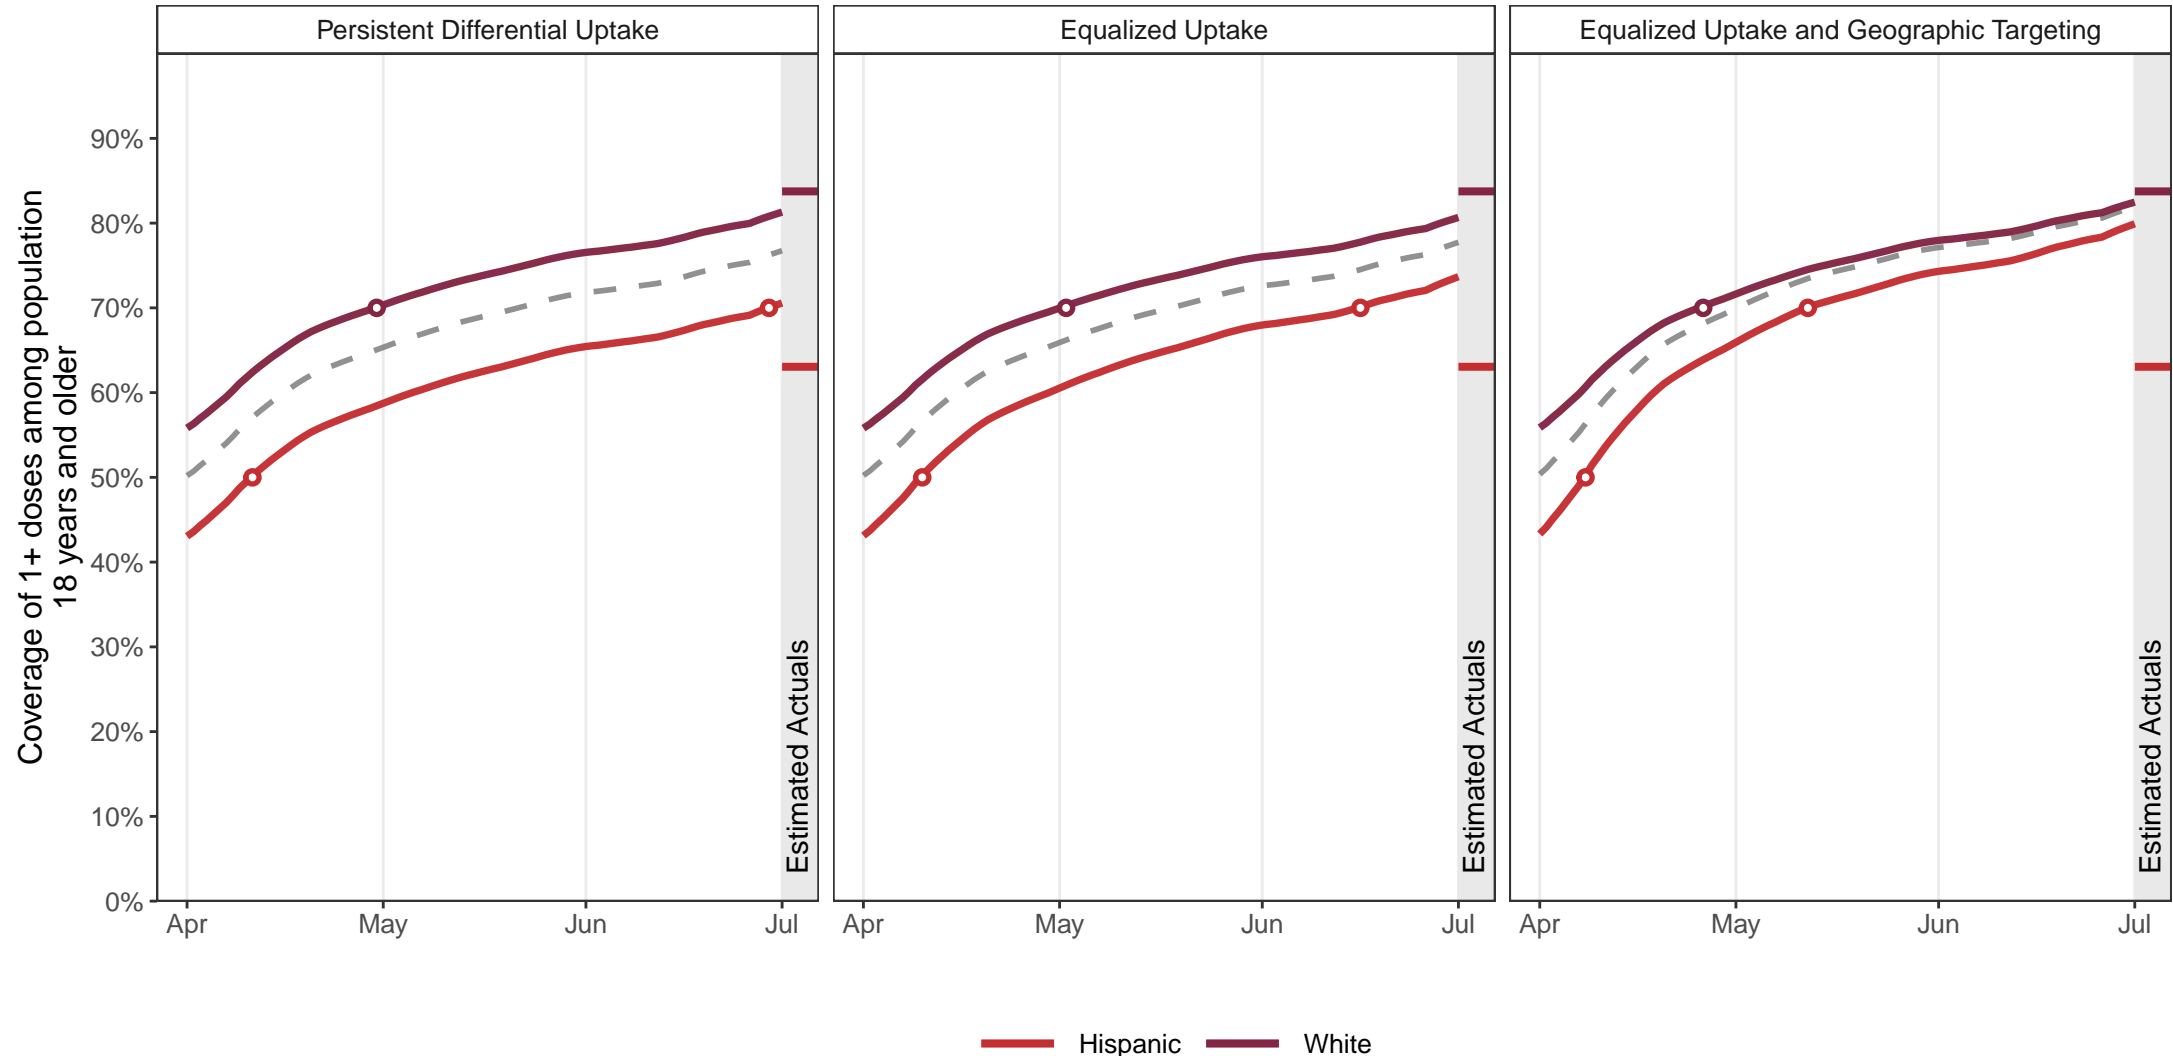

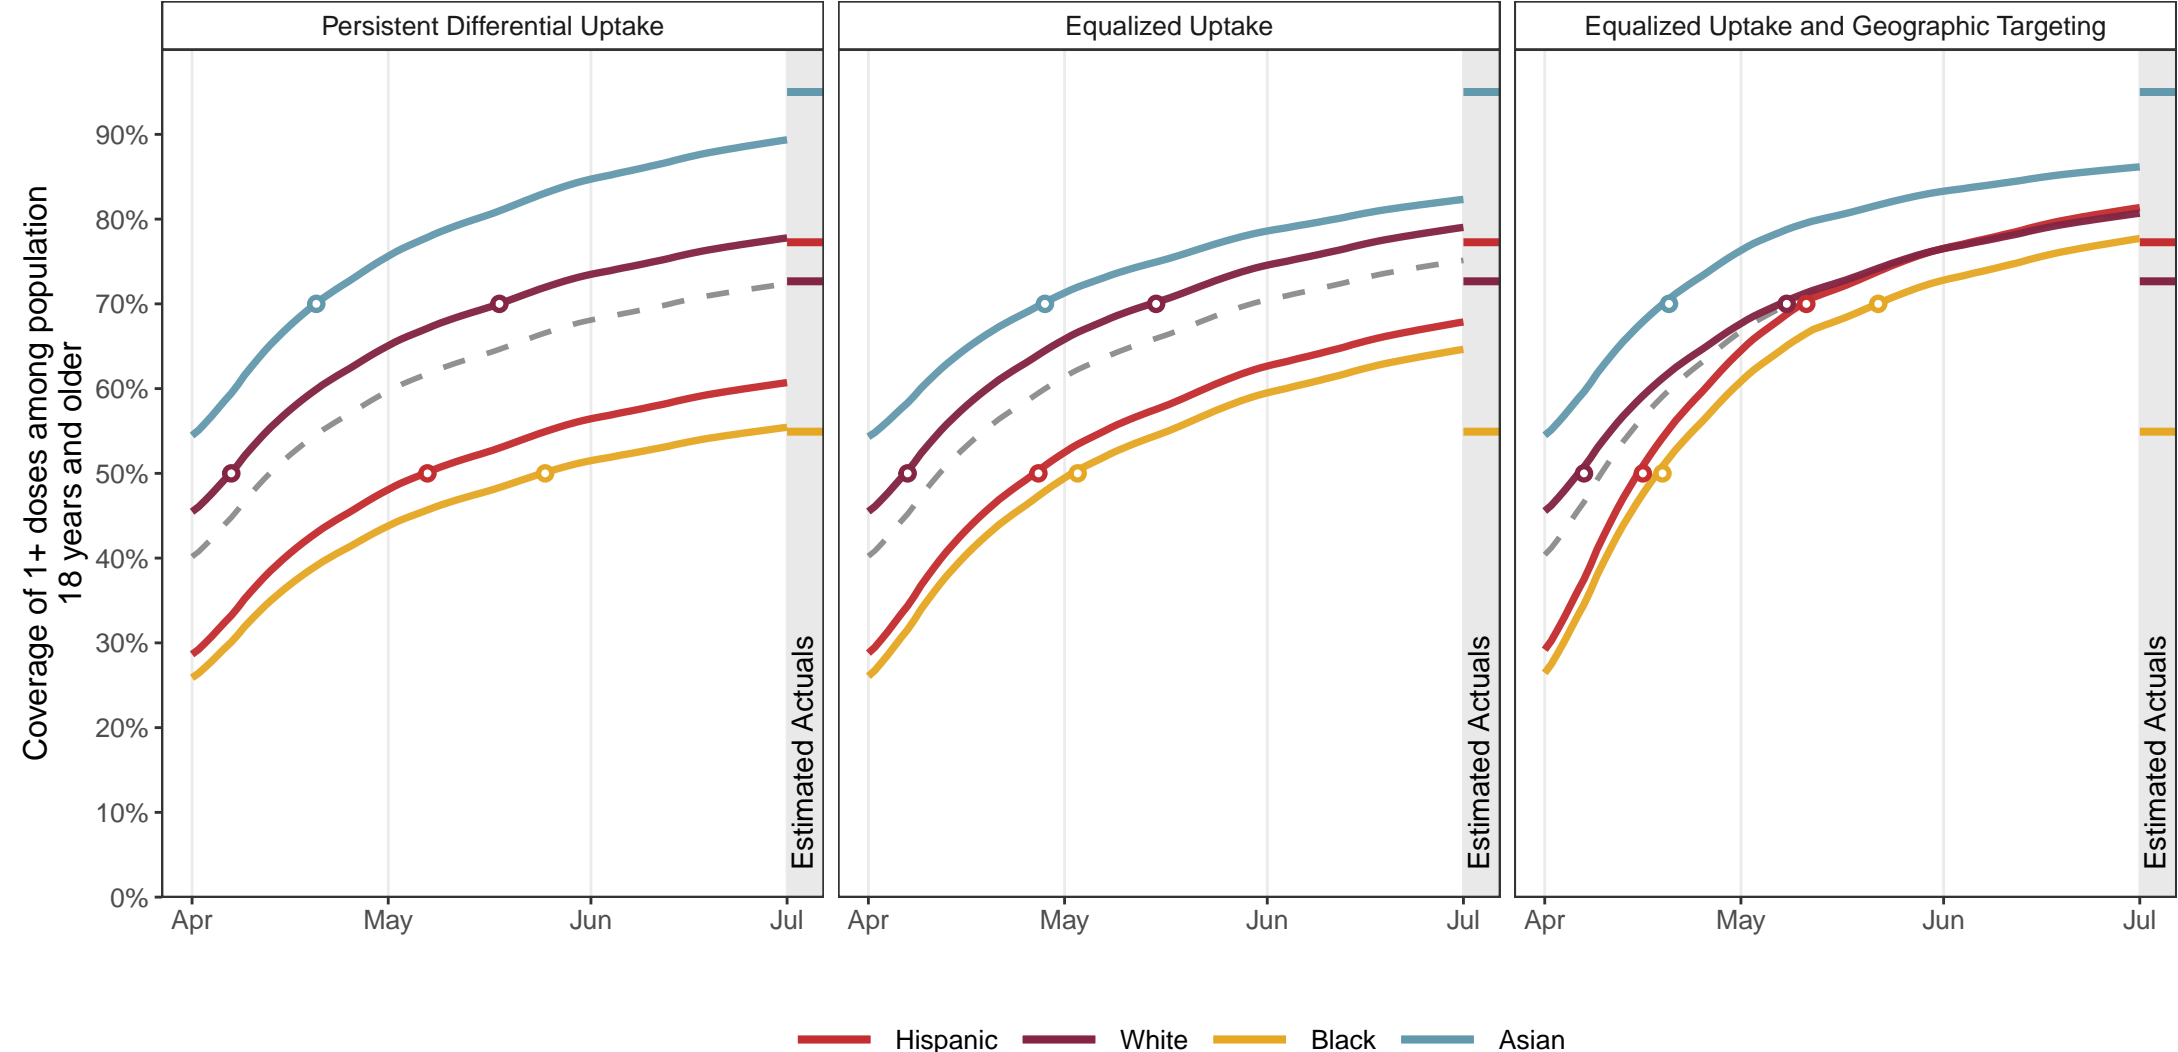

New Mexico

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

New York

| Persistent Differential Uptake | Equalized Uptake | Equalized Uptake and Geographic Targeting |

Coverage of 1+ doses among population 18 years and older

Estimated Actuals

Hispanic — White — Black — Asian

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

North Carolina

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.
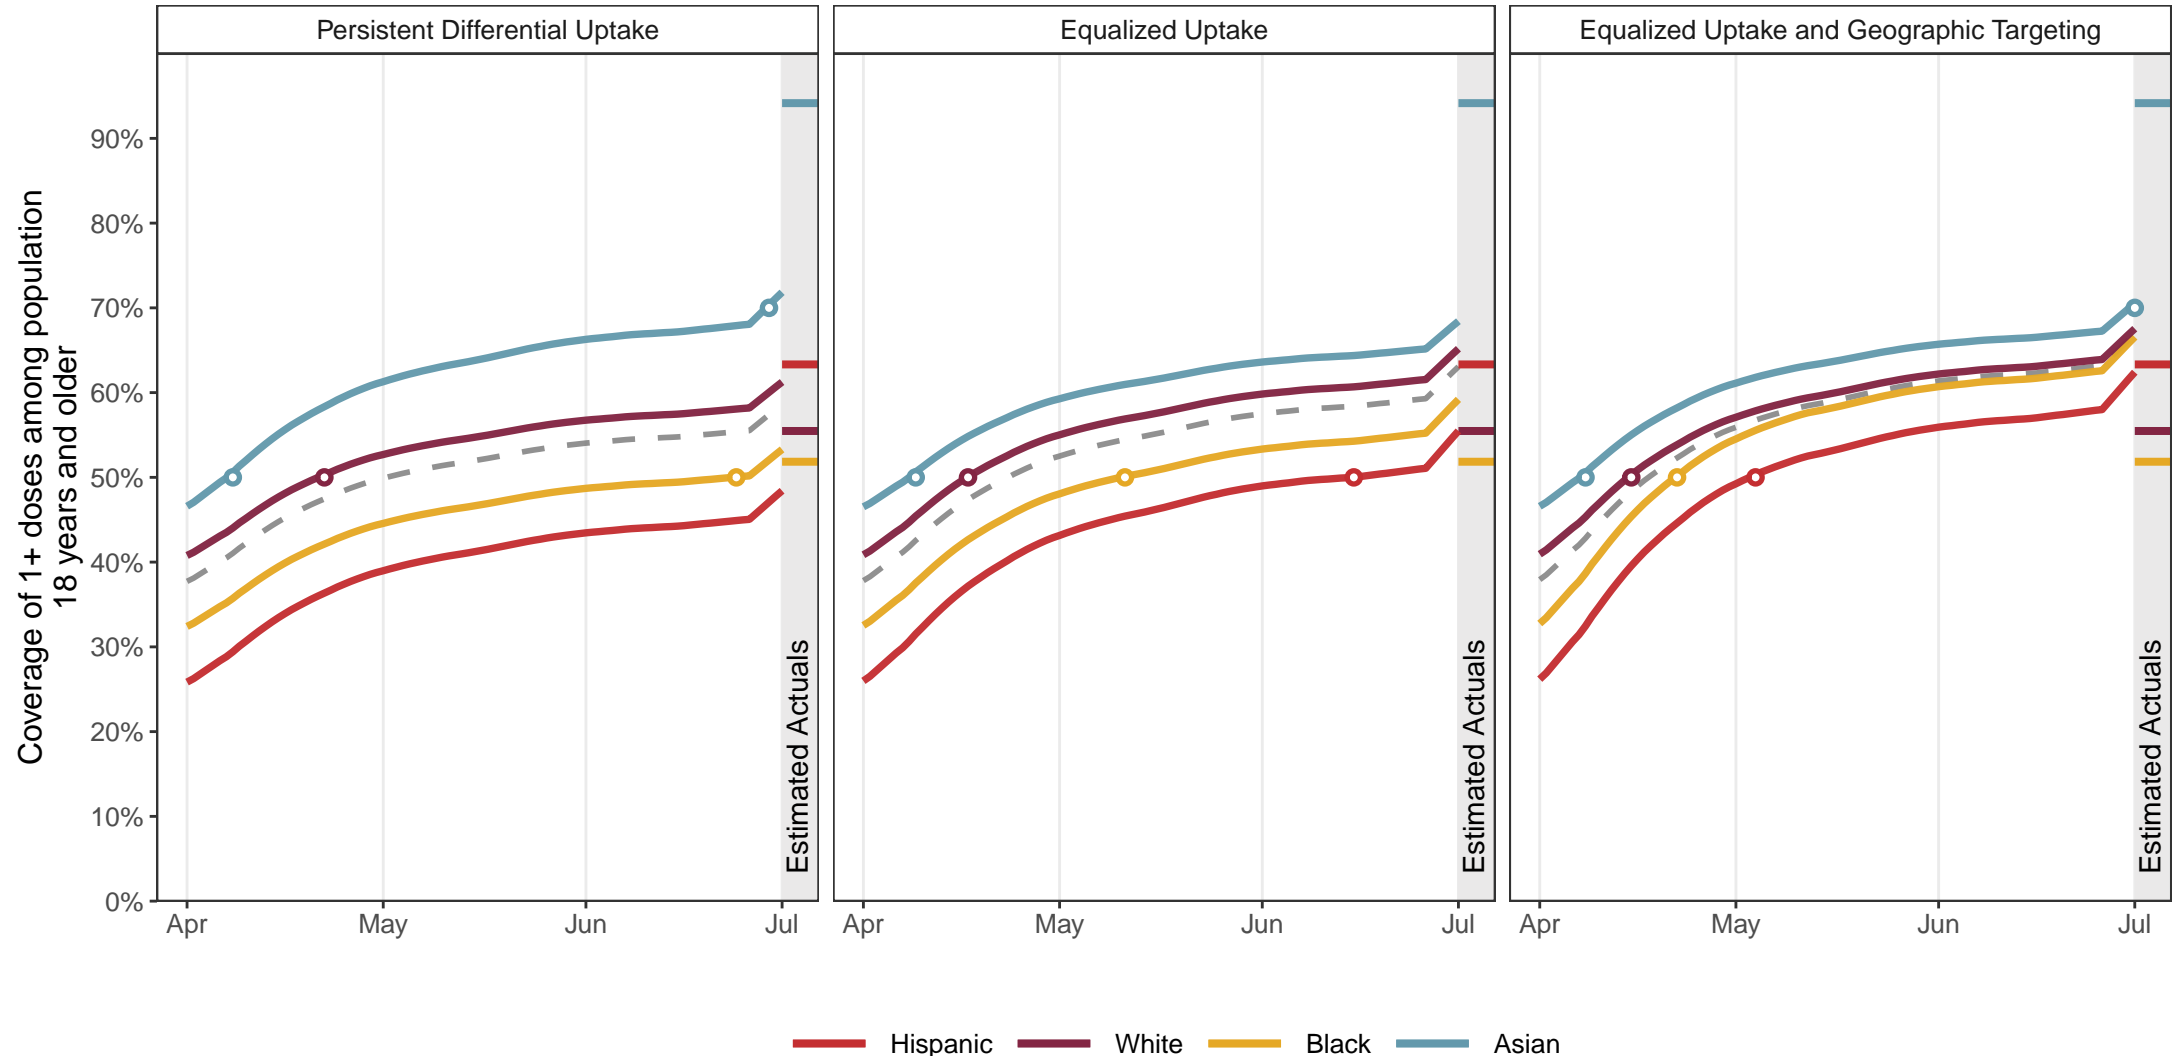

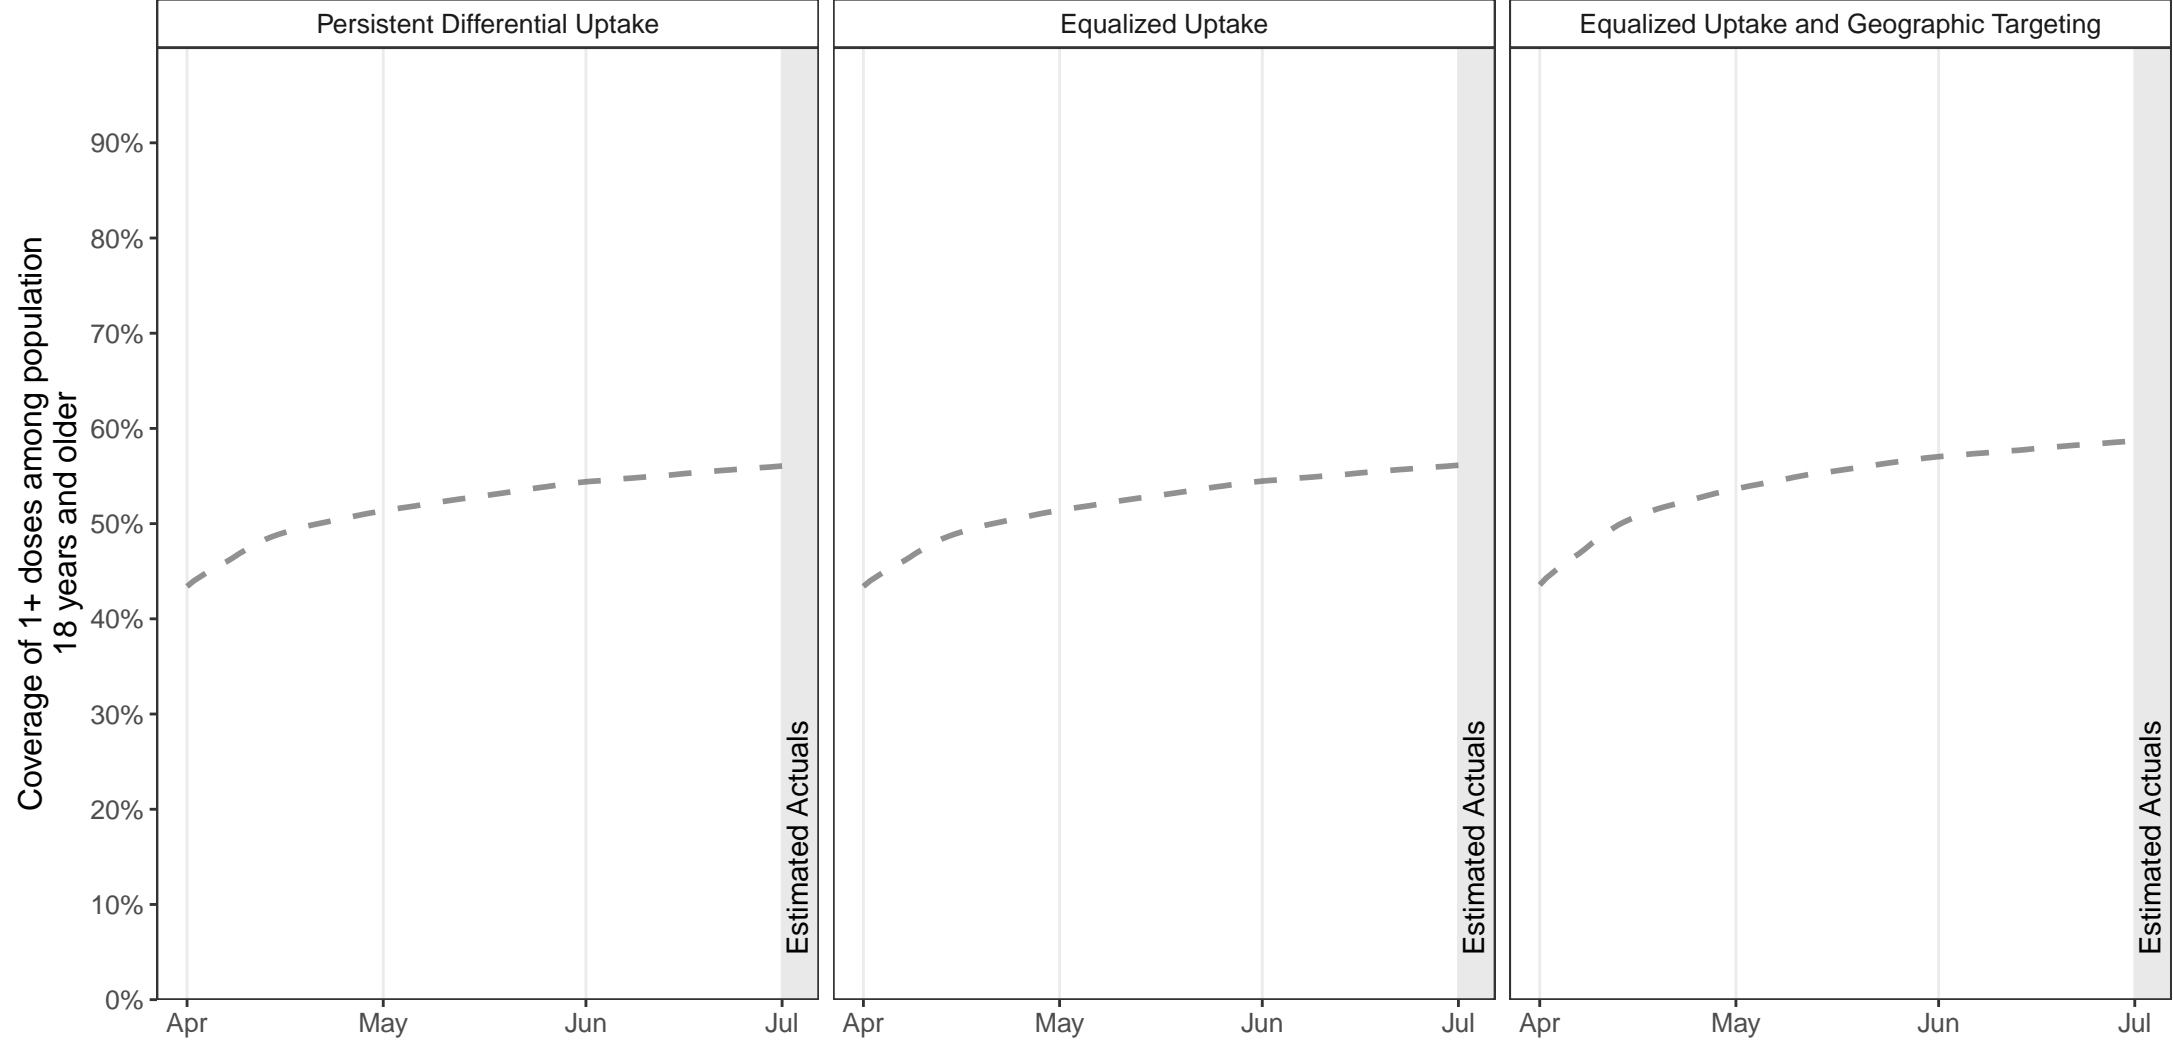

North Dakota

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Ohio

| Persistent Differential Uptake | Equalized Uptake | Equalized Uptake and Geographic Targeting |

Coverage of 1+ doses among population 18 years and older

Estimated Actuals

Hispanic   White   Black   Asian

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

# Oklahoma

Dashed line shows overall coverage, scenarios for specific racial/ethnic groups shown for populations > 200K and data by race/ethnicity reported by state.

Oregon
